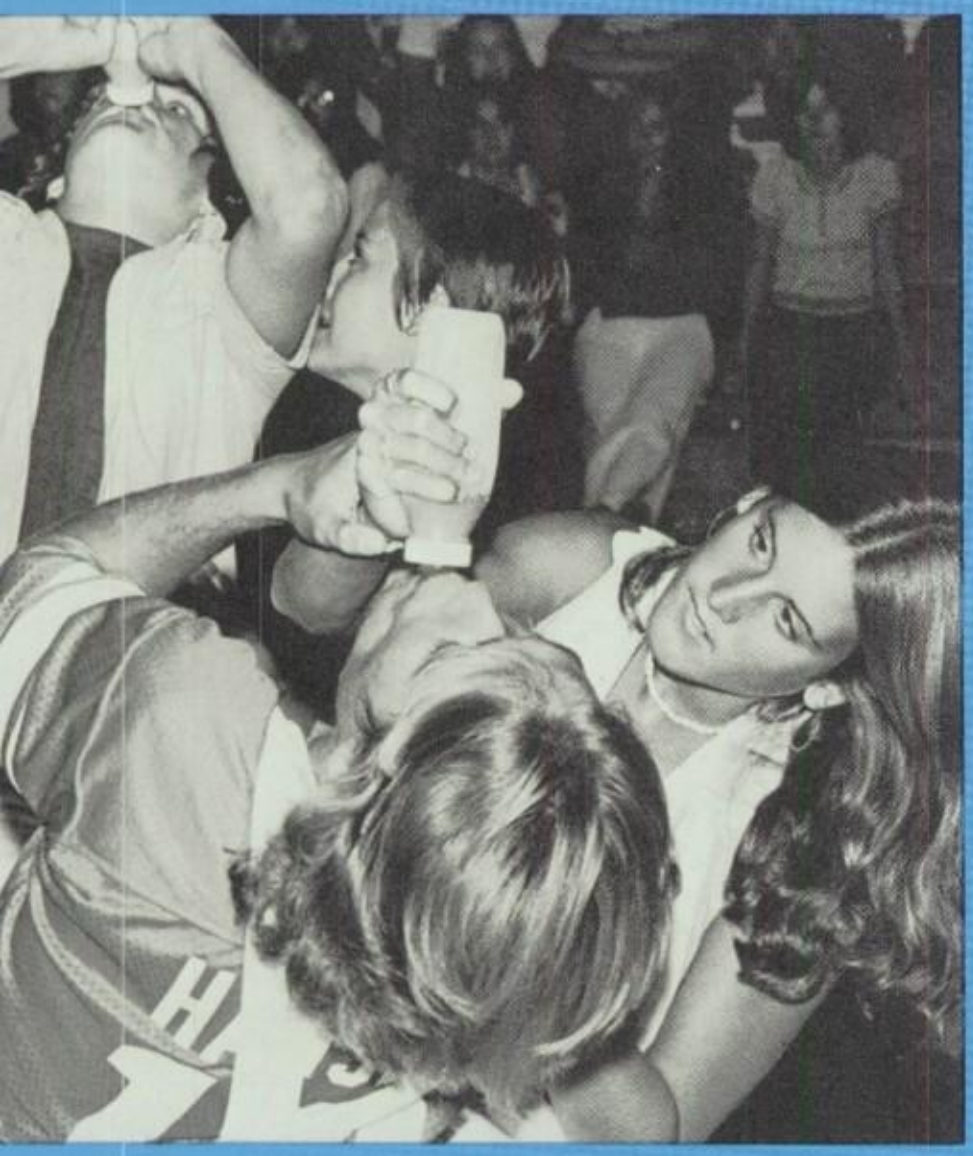
SPECTRUM ..128

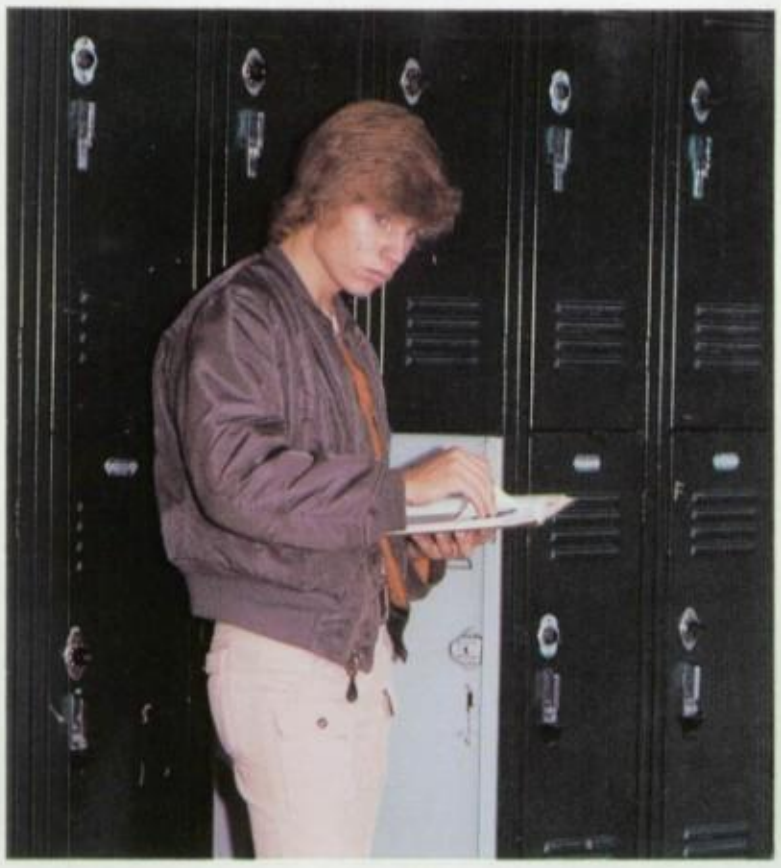


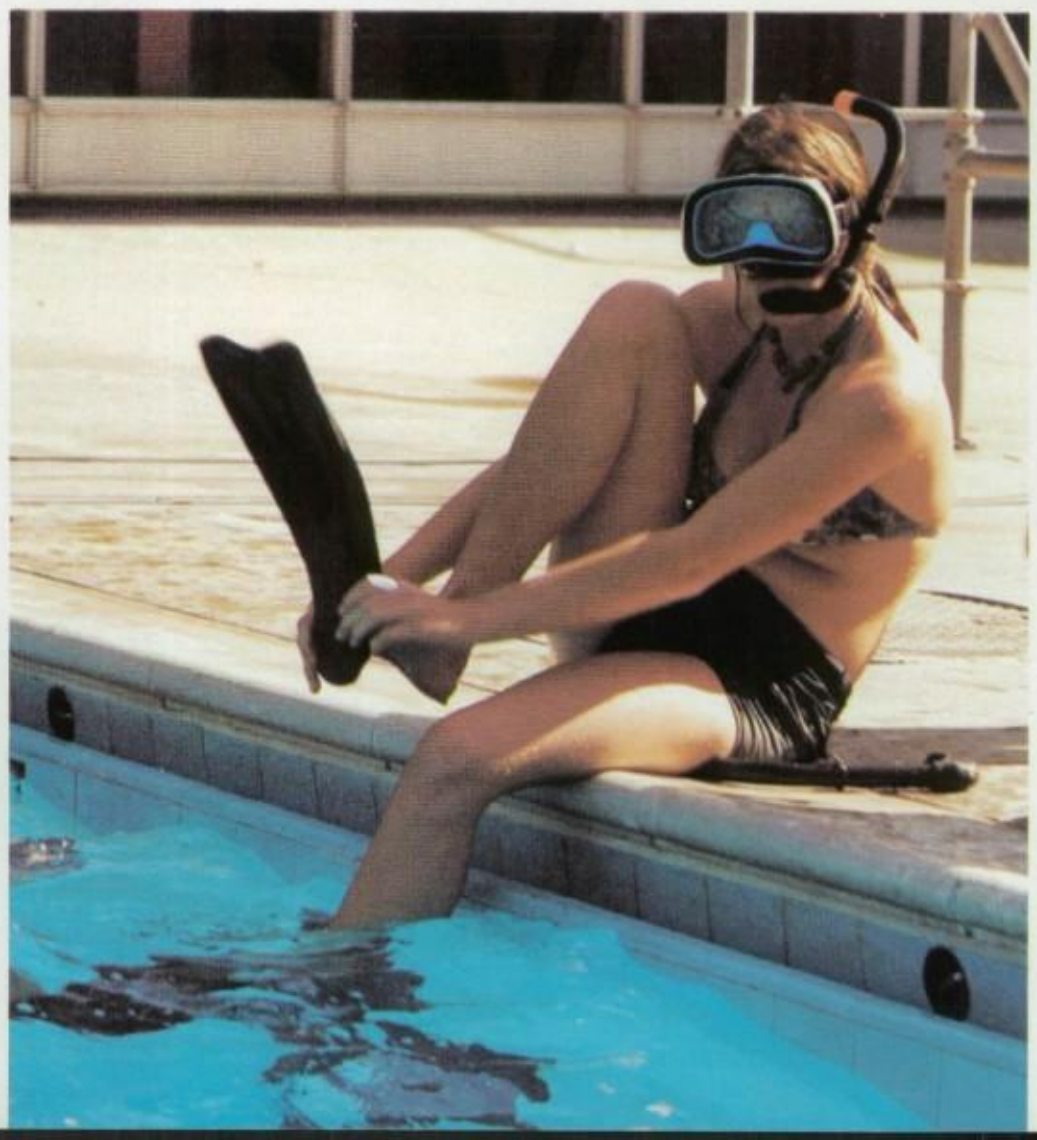
Many colors appear in the rainbow but they blend into each other producing a single image to the observer . . .

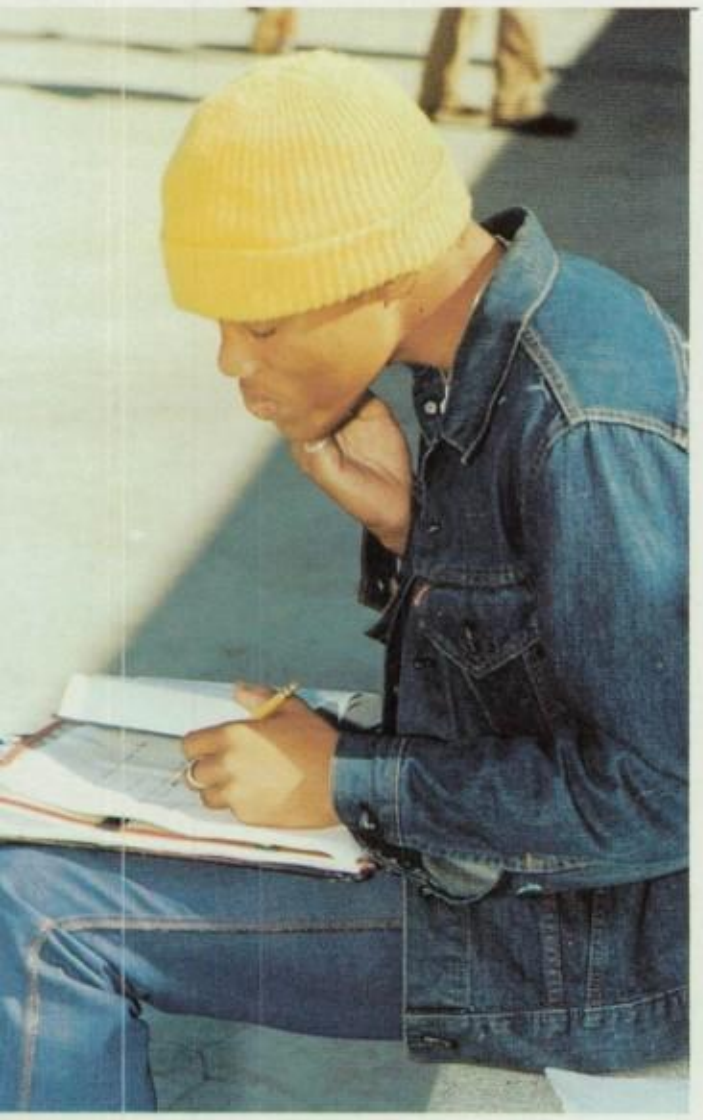
. . . the subtle tones and various hues of people combine to form Aragon.

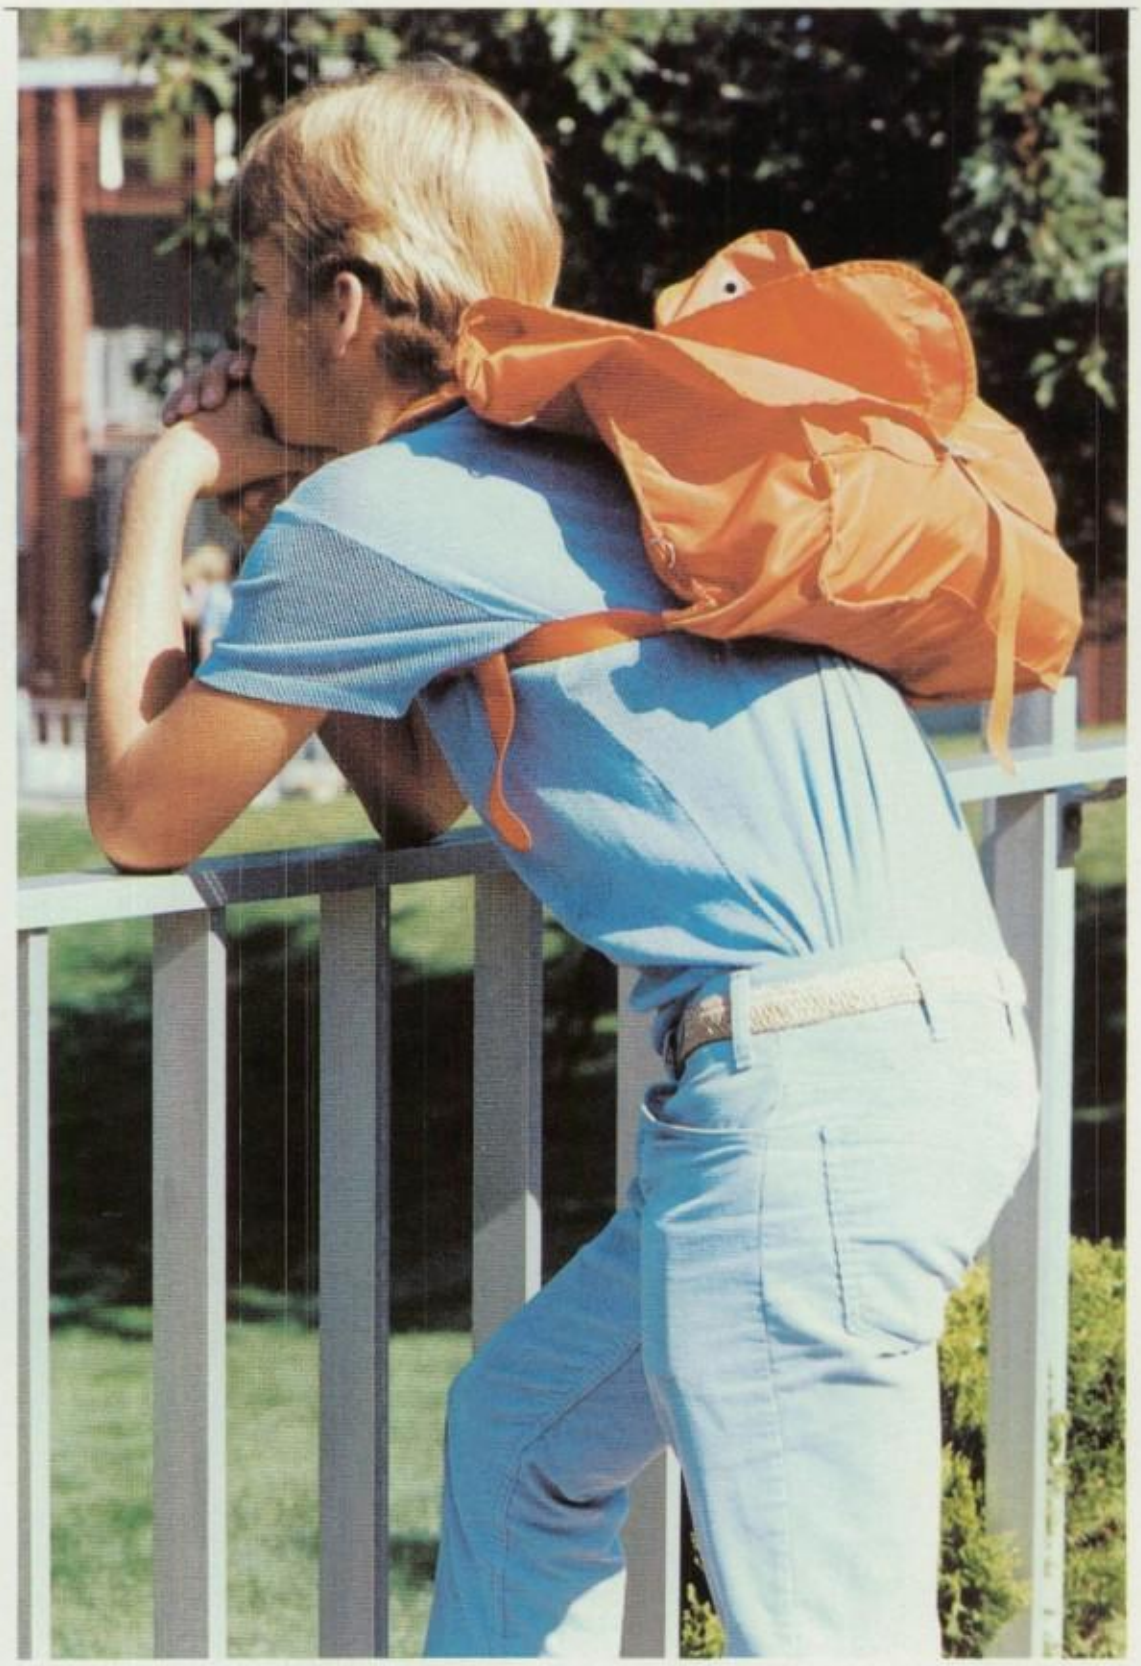
Raindrops act as tiny prisms to break up sunlight into various colors of the spectrum . . .

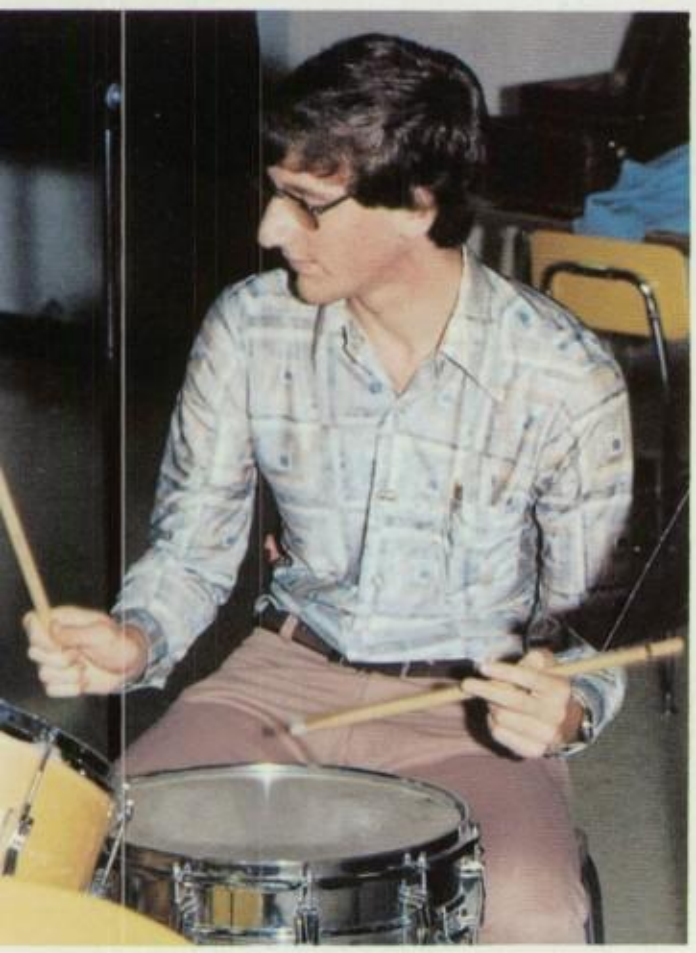
. . . knowledge is utilized uniquely by each individual.







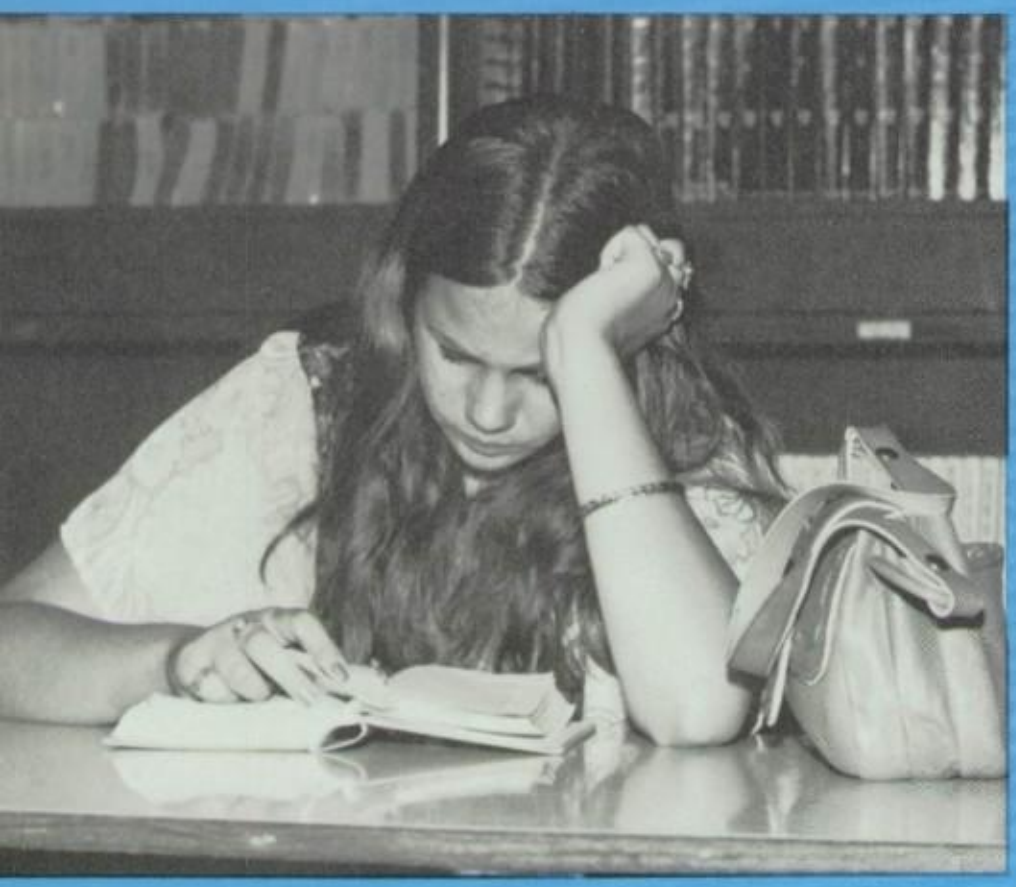




"Two roads diverged in a yellow wood,
and I—
I took the one less traveled by,
And that has made all the difference."

—Robert Frost

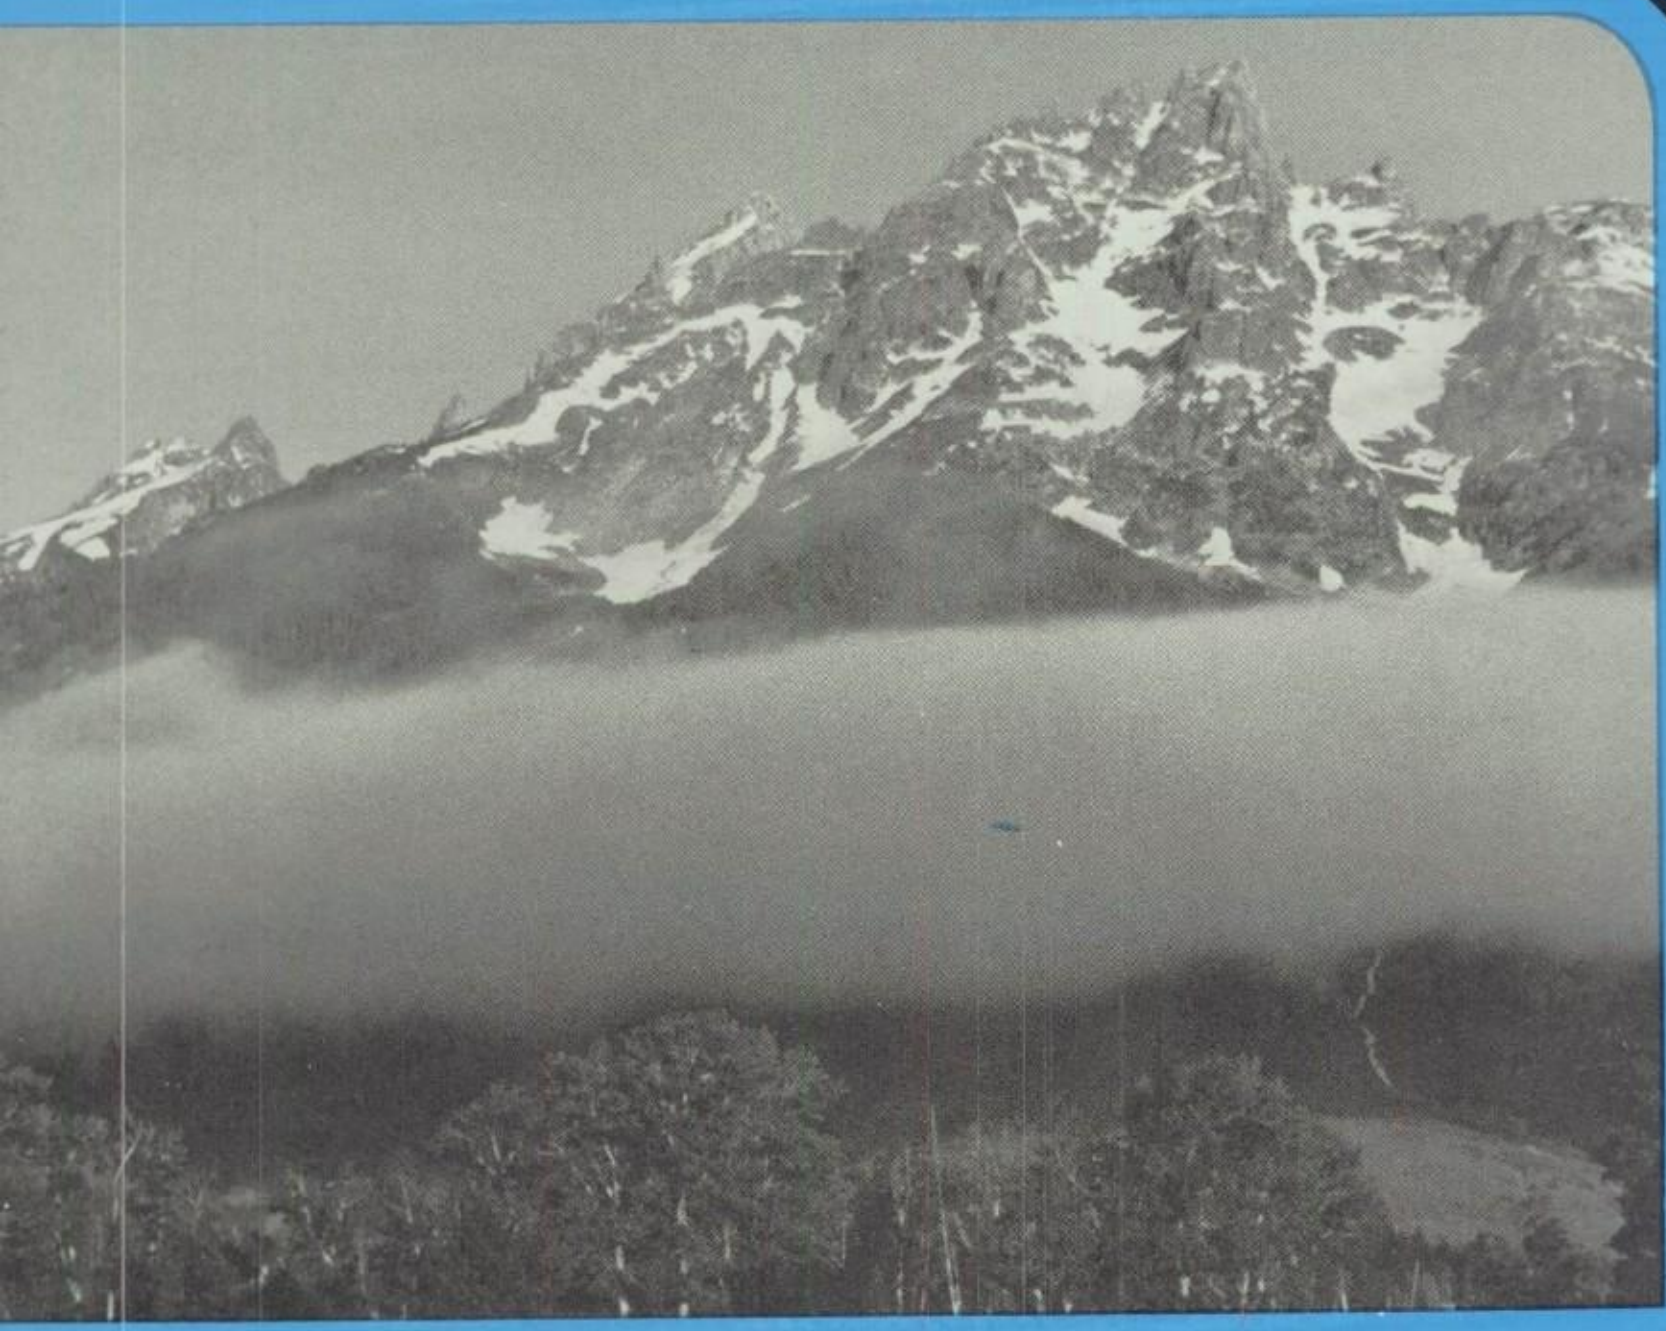
When the sun is behind you and the rain is in front, the rainbow is visible. . .

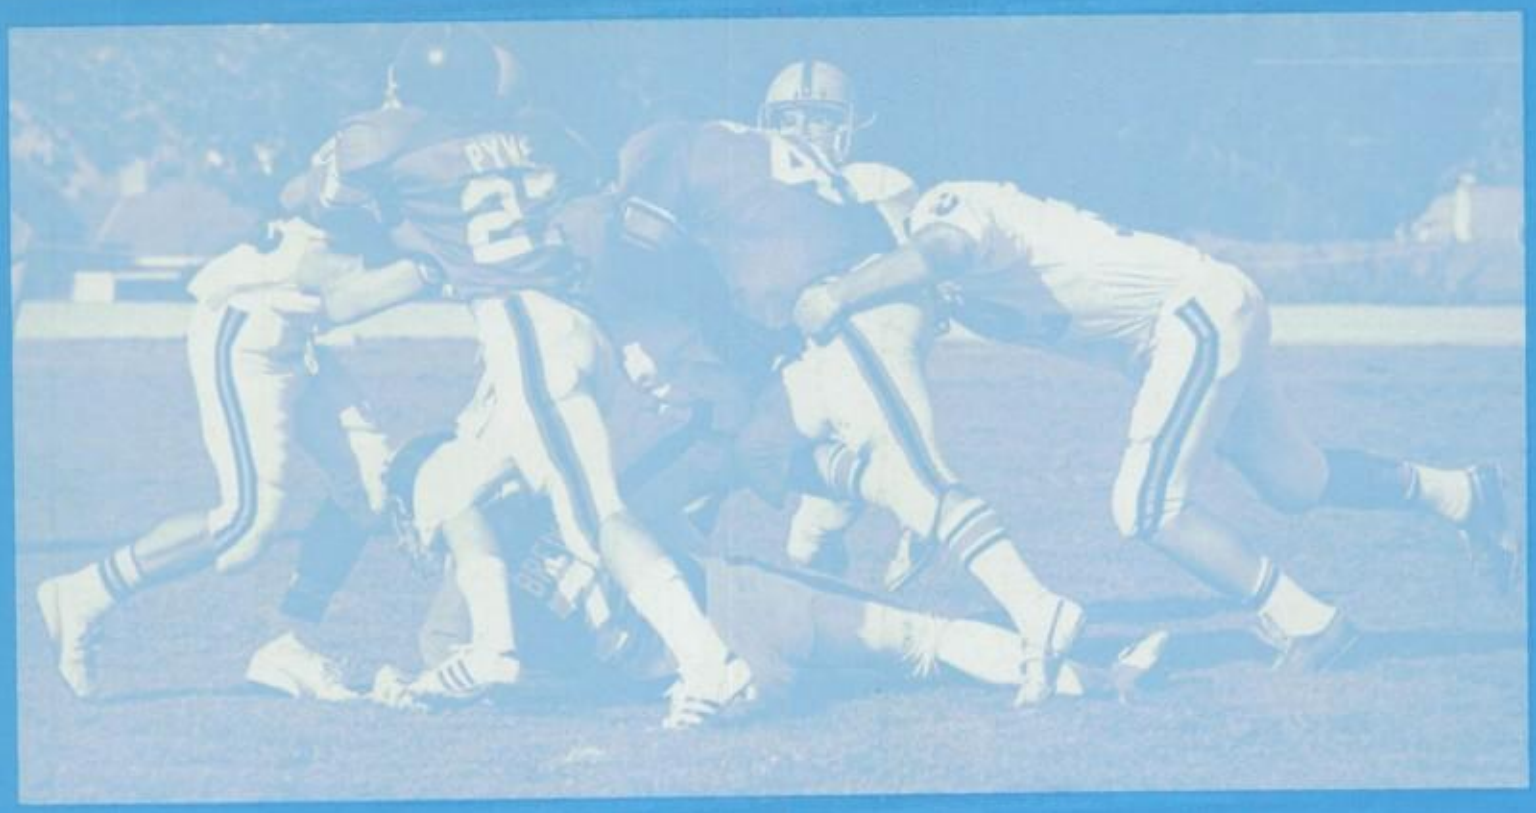


. . . we apply ourselves in our studies to prepare for the future obstacles of life.

"The woods are lovely, dark and deep,
But I have promises to keep,
And miles to go before I sleep. . . "

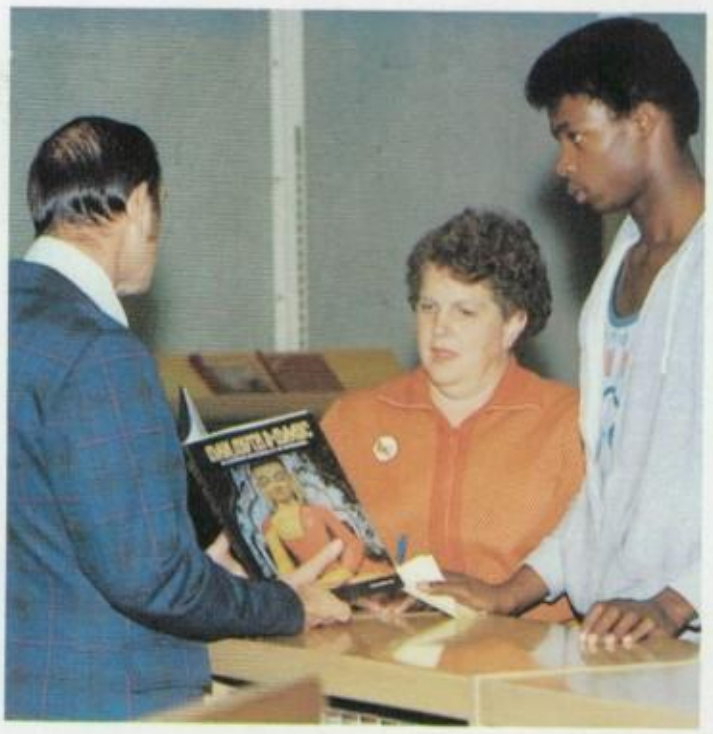
—Robert Frost

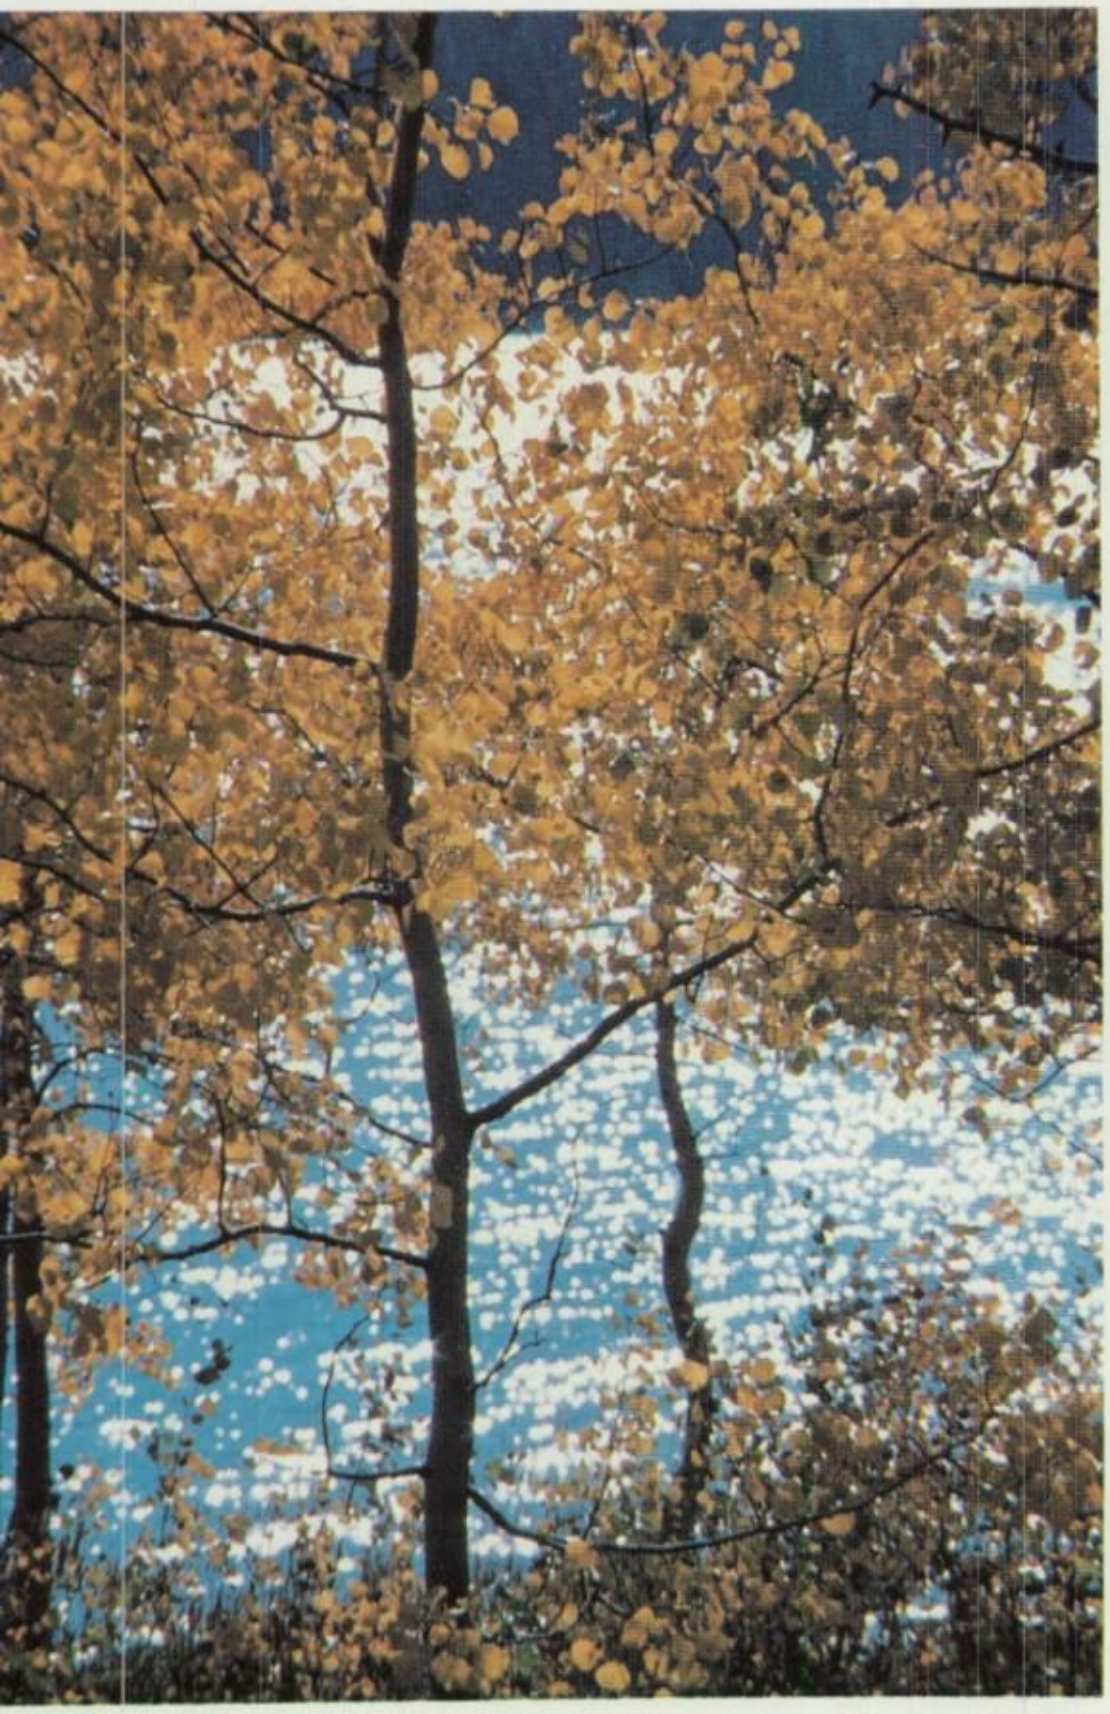




Light striking a raindrop causes it to re-emit light

. . .





. . . light into an unlettered mind teaches it to produce its own light.

Peace emanates from the rainbow . . .

" . . . the sessions of sweet silent thought . . . "

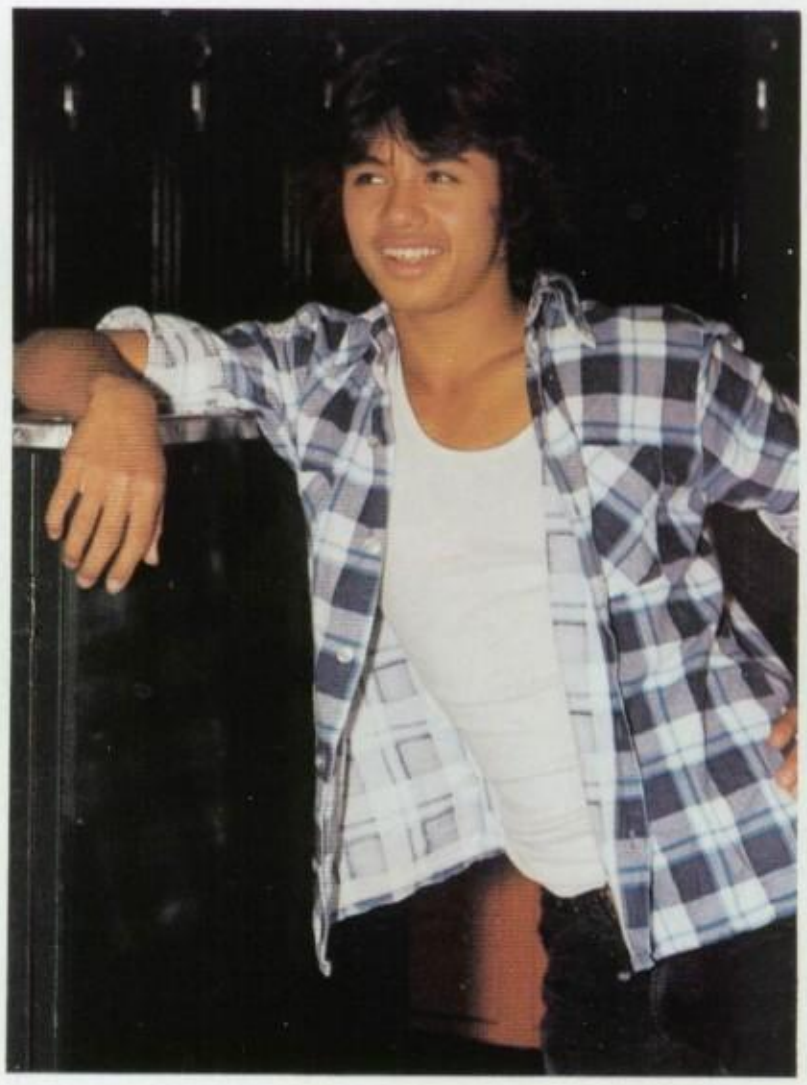
—Shakespeare

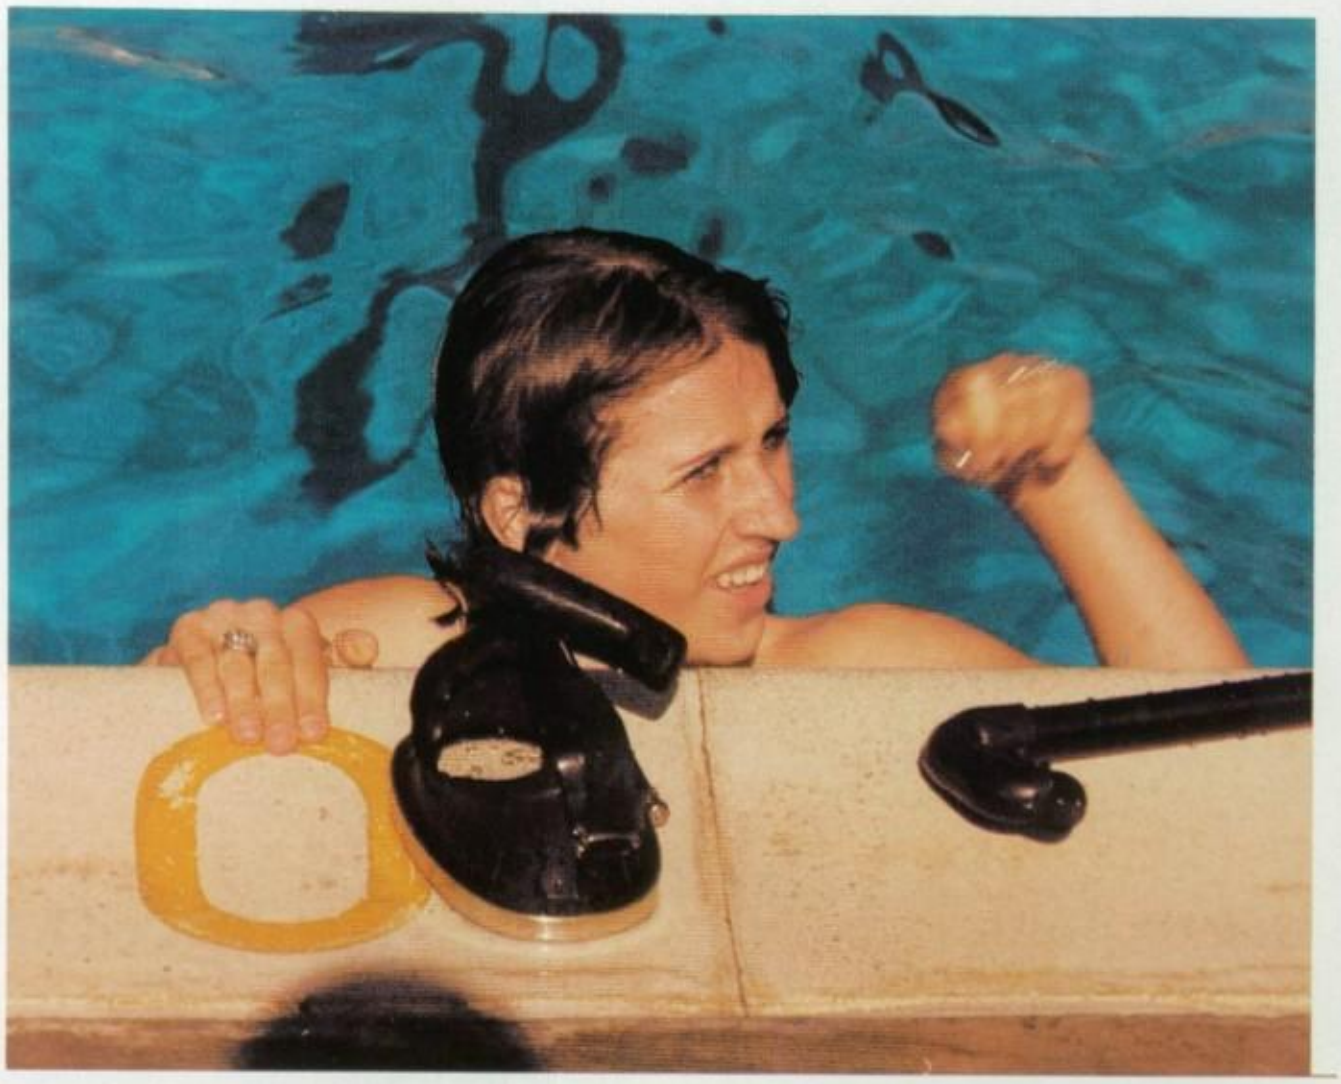
A rainbow is an arc of brilliant colors . . .

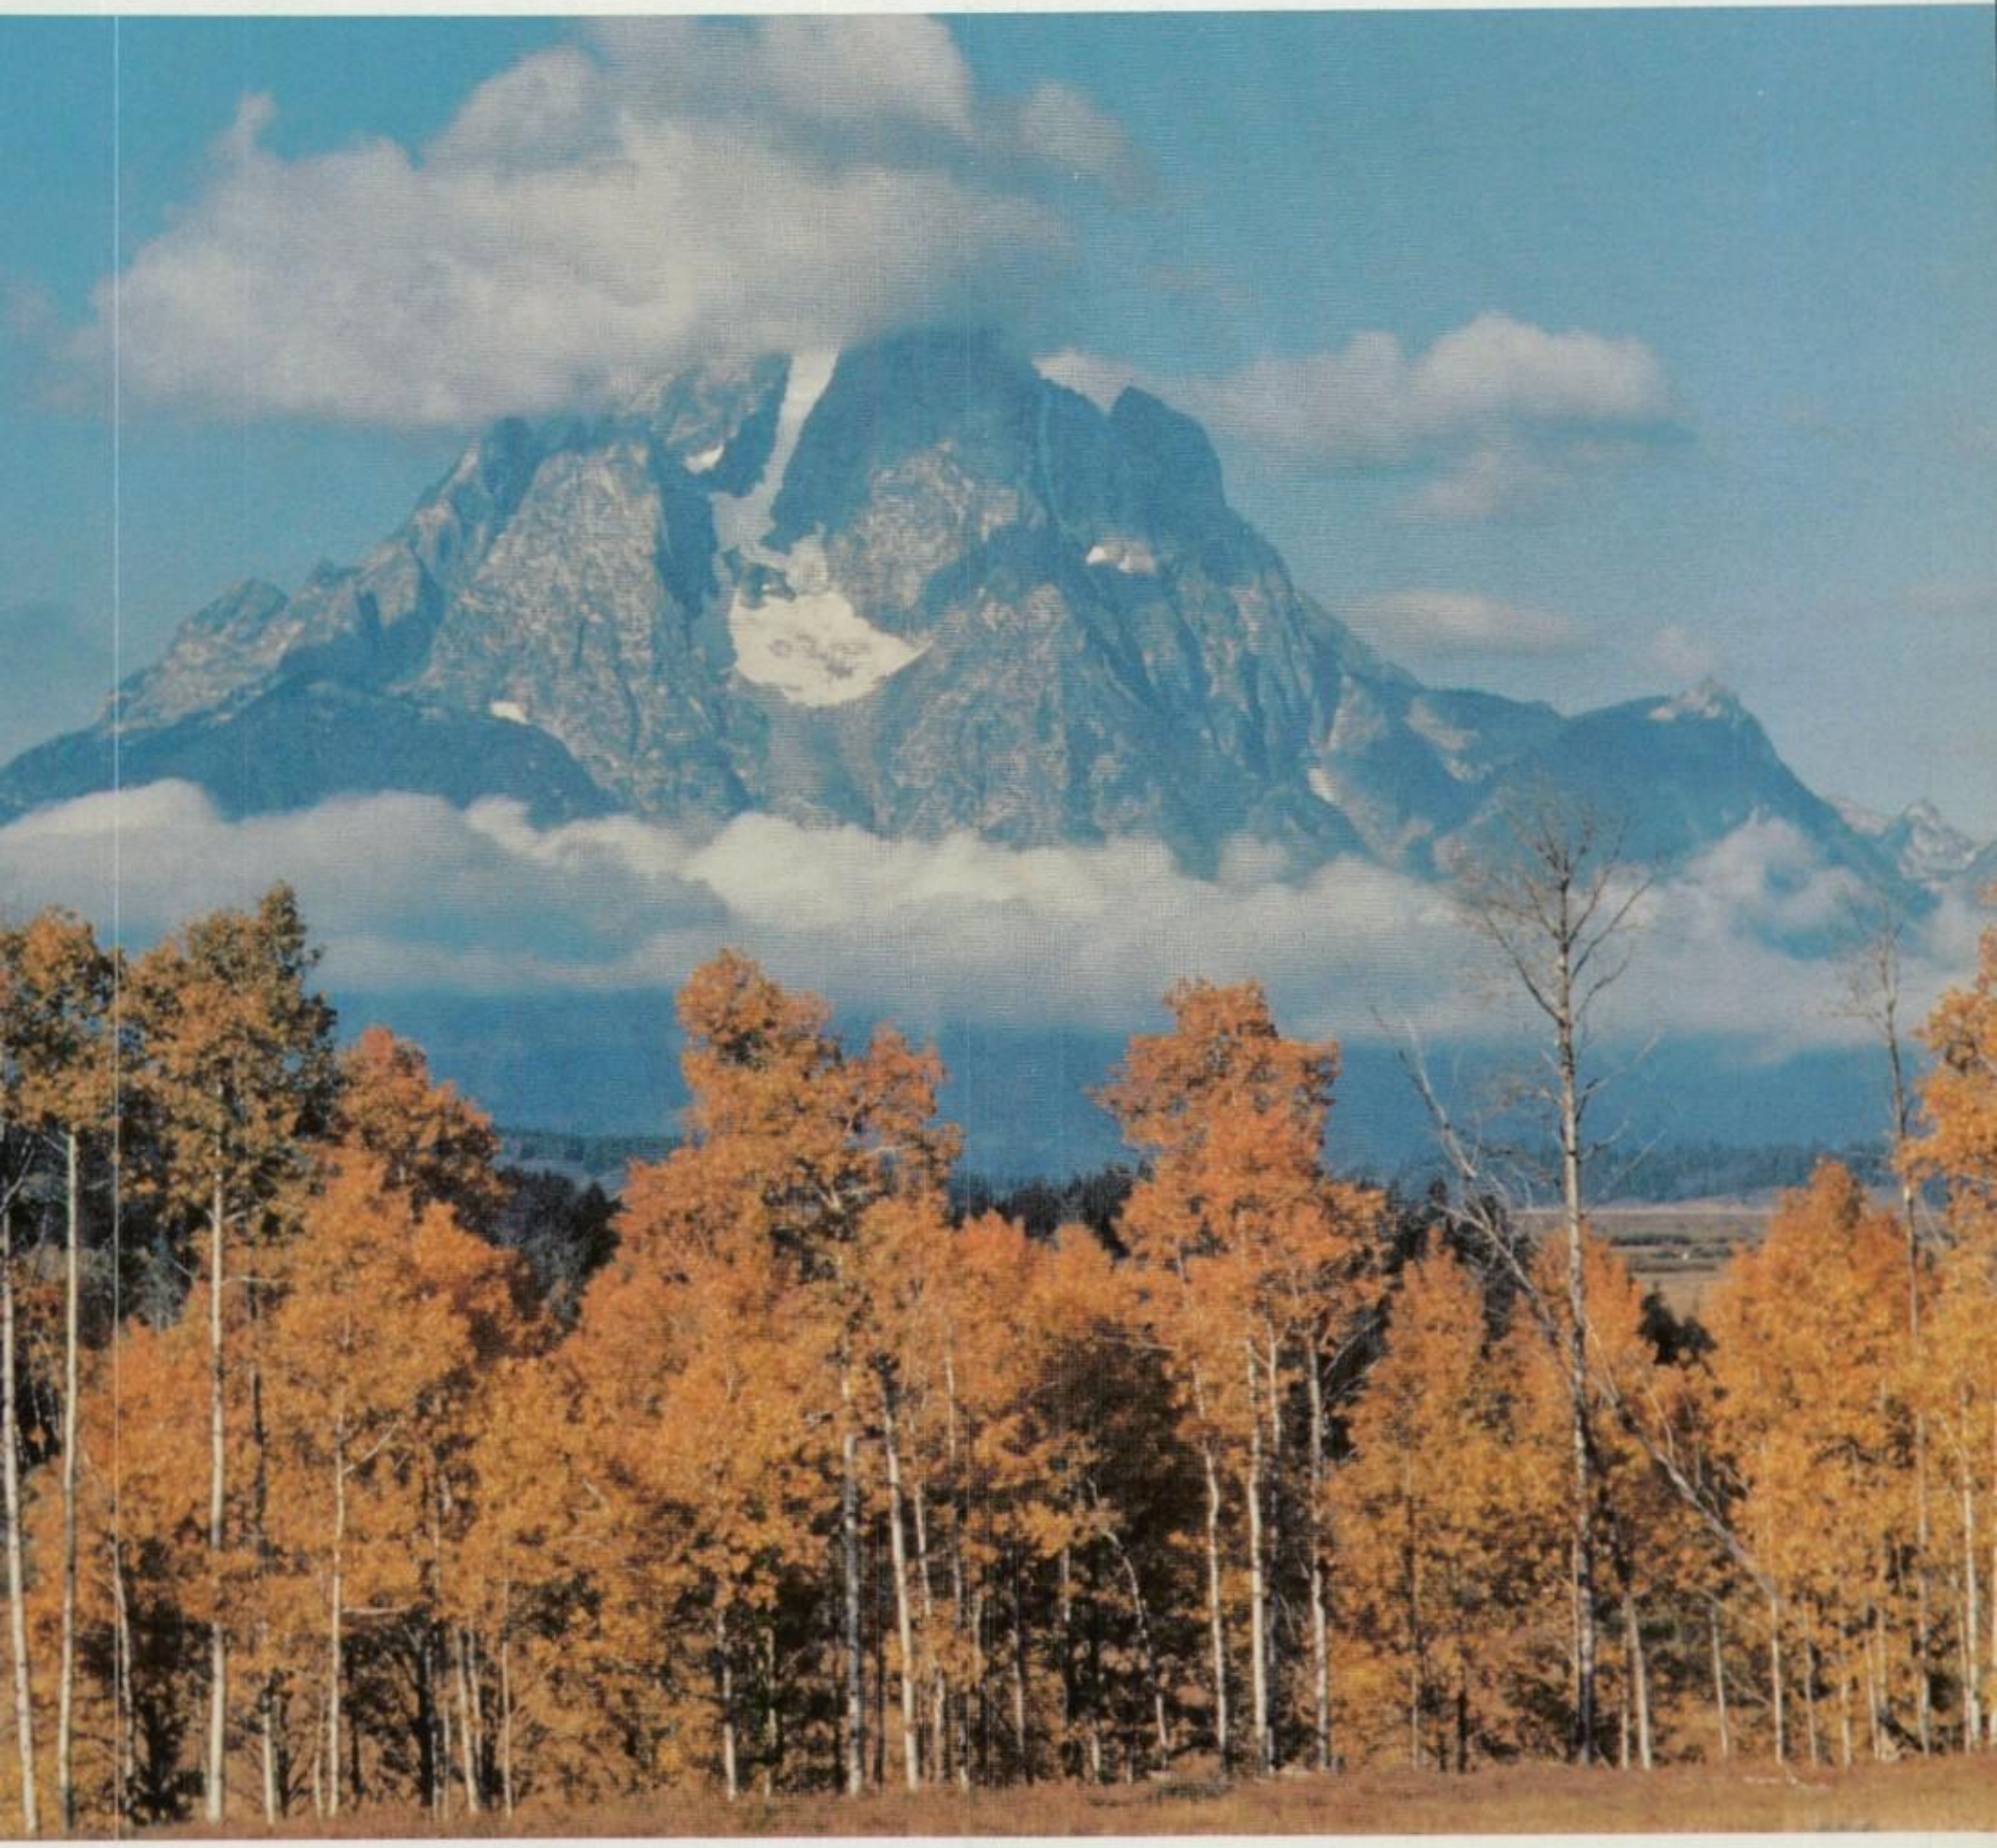
. . . the external beauty of nature's hues are paralleled by the elusive beauty of the inner self.

"A thing of beauty is a joy forever."

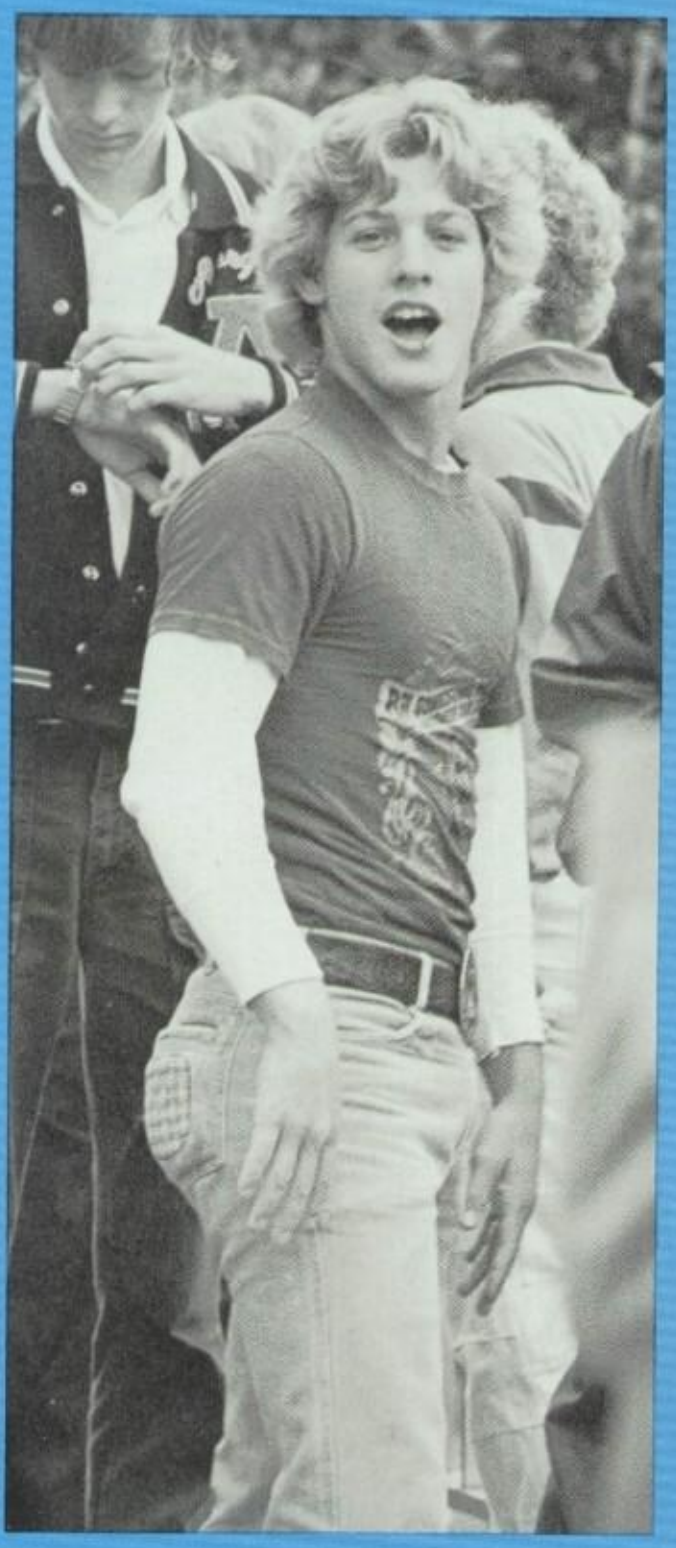
—Keats

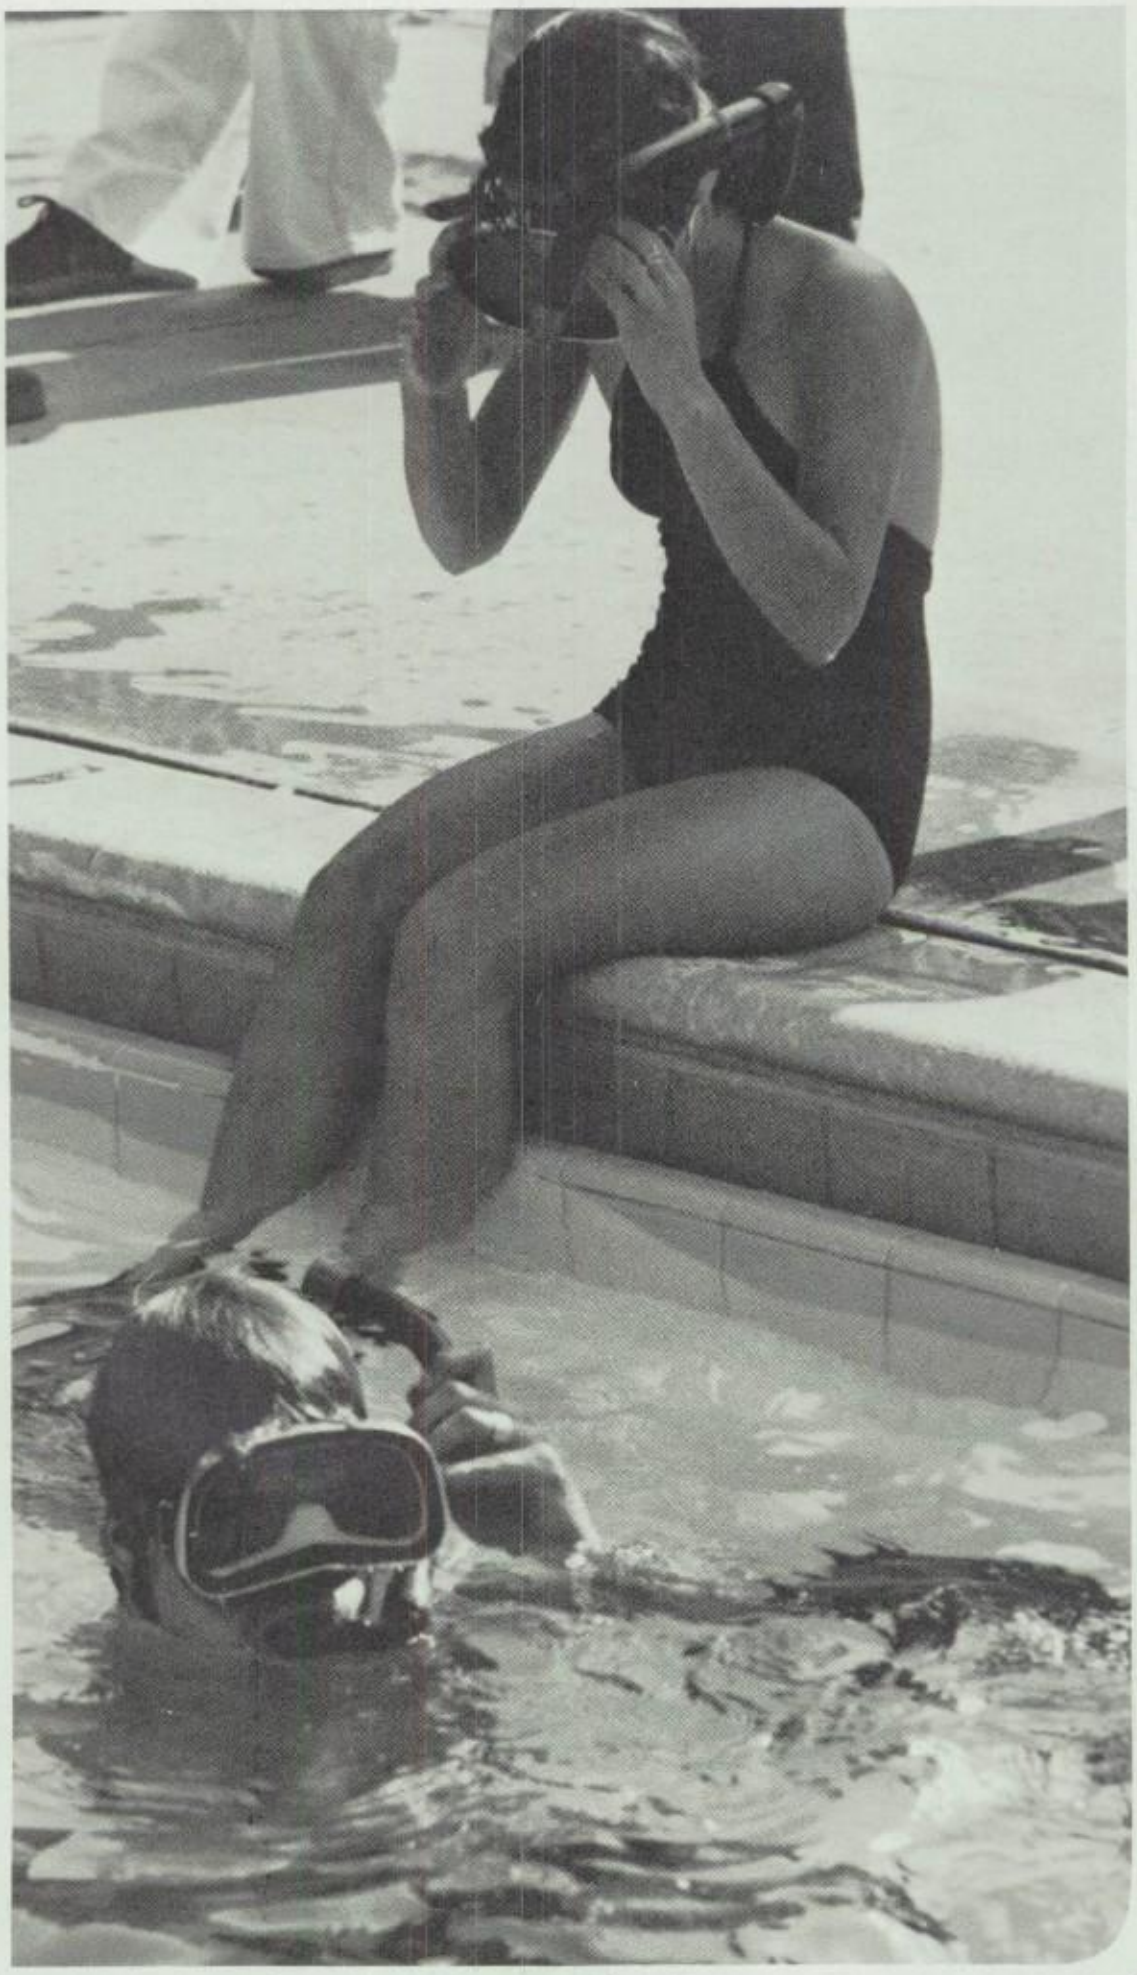


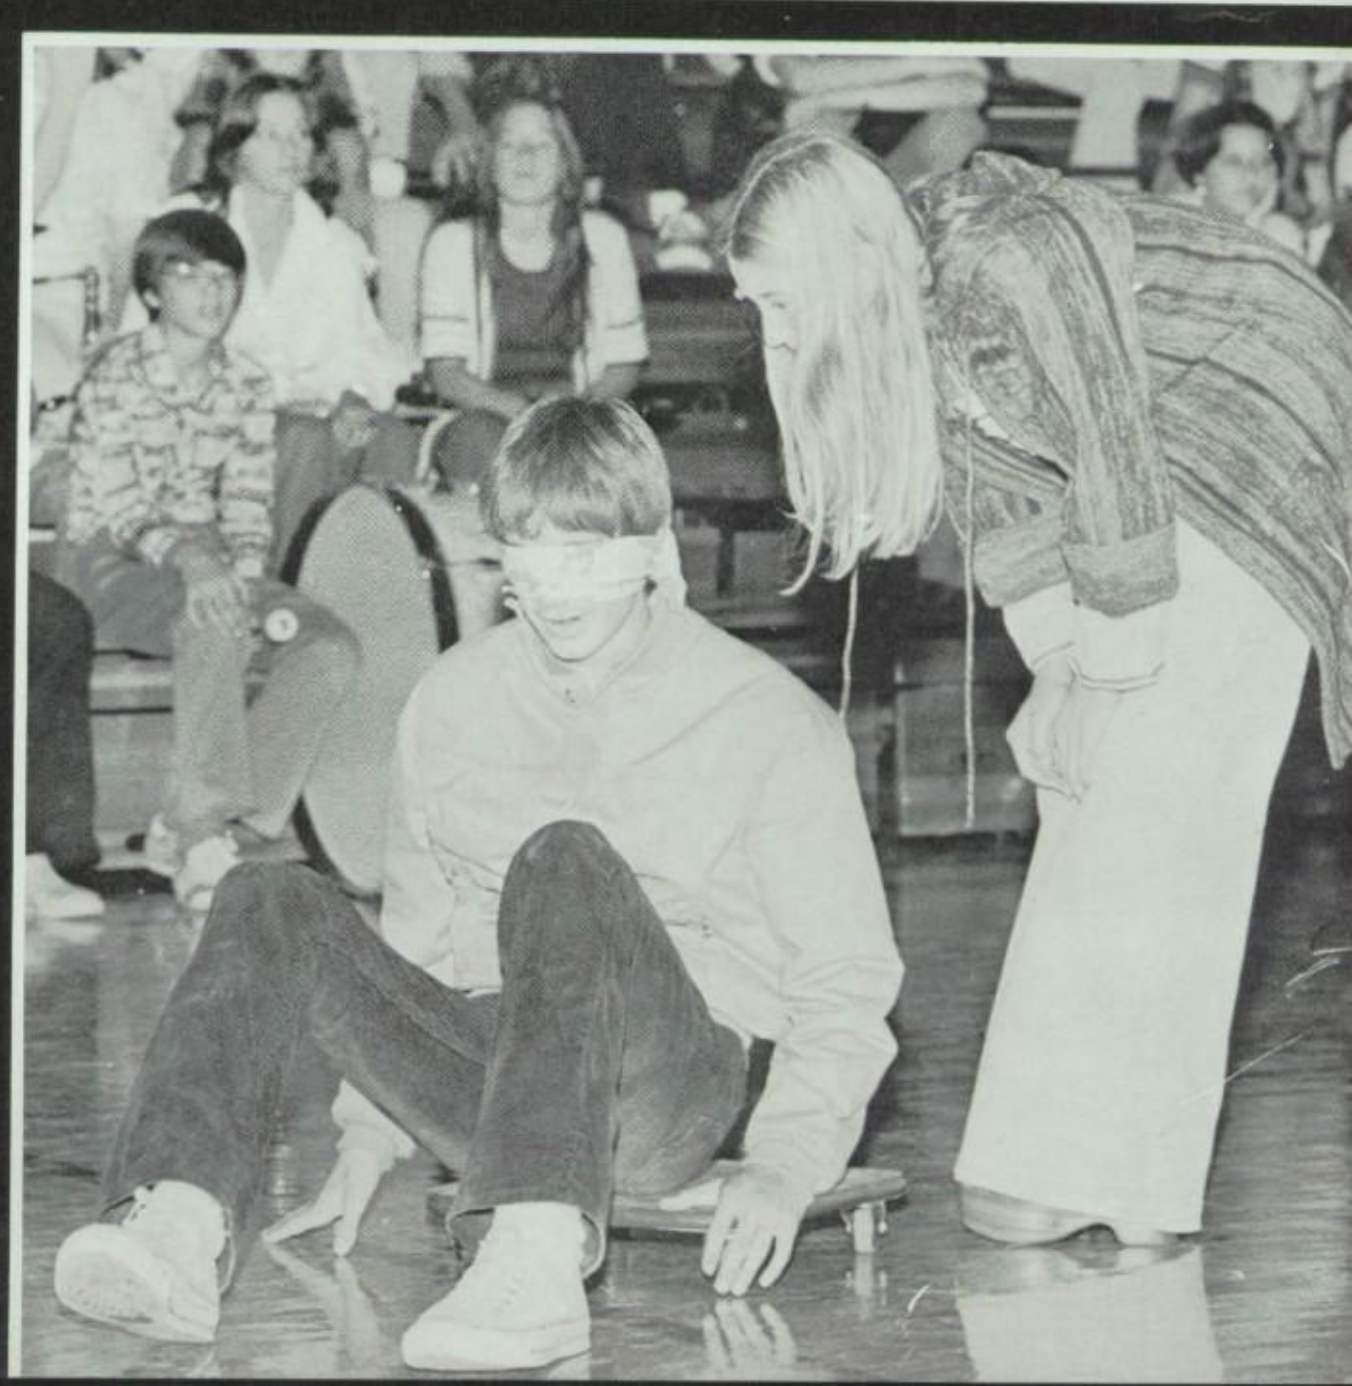




. . . We are this spectrum. We are individuals combining to form the rainbow which is our school, Aragon.







The beautiful music,
close friendships,
spirit of cooperation,
and the good times
will be kept forever
as warm feelings in
our reflections.

REFLECTION

BEFORE SADIE HAWKINS DAY

I got to thinkin' 'bout Sadie Hawkins Day and I says to myself, "Why don't you stop athinkin' 'bout it and jest go see what's agoin' on at that dance?" So I put on my best overalls and I choosed to go to Aragon's dance 'cause I heard 'twas the best dern dance this side of the Mississippi. Well, I paid the price for enterin' and holy cow. When I got into the dancin' hall I heard the biggest sound I ever heard. Well, I jest grabbed me an Aragon gent who was as wingin' 'round with his ladyfriend and I says rather friendly, "Ain't this the Sadie Hawkins dance?" And he says rather sarcastic, "Of course it is! Where have you been?" Well, I was jest so dern disgusted! Anyway, after I asked a few more people 'bout this here dance, I found out that I was at the right dance and the big sound I heard was a band called Asylum (It struck me strange 'cause I always thought an asylum was somethin' else...). Well, I had the opportunity to dance with some nice young Aragon gents and they teached me how to do somethin' called a Hustle and a Bump (Them dances is sure different from hoe downs!). Anyway, I jest had me a grand time at the dance and I hear everyone else did, too, and I'm jest tickled to death that such a grand event was named after me.

1976 GRID CLASSIC -Christmas Formal was a success. This year the annual Grid dance was postponed until Dec. 17, 1976 which brought the dance toward the beginning of Christmas vacation. The atmosphere of the dance was that of both holiday cheer and recognition of a victorious football season.

The students danced to the tunes of "West Bay Funk Co." during the evening. The Grid Queen was Anne Jackson, with Arlene Lapinski, Brenda DeYoung, and Diana Walsh as her princesses.

REVIVAL OF SALEM WITCHES took place in the Little Theater as the Aragon Drama Club presented THE CRUCIBLE as last fall's term play. Under the new direction of Nancy Nethery and numerous crew members, the Drama Club presented their version on Arthur Miller's tragedy depicting the incidents involved in the Salem witch hunts and trials of the 1600's. Although the play consisted of very experienced cast and crew members, it was not as successful as hoped due to problems with publicity and advertisement. Next year, however, the Drama Club will be looking forward to having a more successful season.

"OLÉ IN A MANGER" is the expression that seems to best describe the Music Department's annual Yuletide Concert under the direction of Mr. Ben Denton. This phrase epitomizes the spirit of Christmas that abounded among the performers and the audience during the concert which set the mood for the season. The Madrigal Singers, A Cappella Choir, Girls' Glee, and the String Orchestra all performed Christmas favorites but the orchestra vocalized the season spirit best. At the appropriate moment, in a piece entitled "España Cañi", the string musicians exclaimed, "OLÉ!", much to the surprise and amusement of the audience. Then the orchestra later went on to play the holiday traditional "Away In The Manger". The A Cappella Choir sang seven selections and featured the soloists Patricia Post and Chris Gambol in the spiritual "Go Tell It On The Mountain". The Madrigal Singers further upheld the holiday cheer with "Sing Of A Merry Christmas" by Sahner and Simeone and sang four more selections. All groups joined for G. F. Handel's "Hallelujah Chorus", ending a festive concert and leaving everyone full of the holiday spirit.

MONTE CARLO, THE ANSWER

to that "gambling urge", was substantially improved upon over last year by the use of professional tables and equipment. The realistic atmosphere that was created by the Senior Class, who sponsored the event, resembled an authentic gambling casino. Almost every form of gambling was represented on the night of Friday, Feb. 25. Students were offered the opportunity to beat their favorite faculty member at Poker, Black-Jack and Wheel of Fortune as well as many other popular games. The relatively low turnout to this annual event was attributed to the lack of advertising. However, many students felt that the disappointment over last year's Monte Carlo Night was the deterring influence.

GET INVOLVED!

That is what students do when they join the School Community Service program at Aragon. This program helps the students to become aware of the community and to be rewarded with the knowledge that they are helping other people. Students who are involved with this program volunteer at hospitals, schools and places like the SPCA. One large part of the program is La Honda. La Honda is a program in which high school students become counselors for fifth and sixth graders at Science Camp. Aragon has the distinction of sending more counselors of the highest quality to La Honda than any other high school in the district.

FALL SEMESTER STUDENT GOVERNMENT

rejected the "do nothing, don't care" mentality of previous administrations and took major steps to work for the student body. We began a student government newsletter to open lines of communication; we devised a mini-course program to supplement our educational experience; we created a beautification committee to improve campus appearance and heighten student pride; we initiated a major change in our food service and food quality; and we created a system for better representation at meetings. Many goals were realized in the fall semester, but the greatest accomplishment was the enthusiasm and feeling of unity that developed and prevailed over previous apathy

OPTIMISM MARKS SPRING STUDENT GOVERNMENT.

We are very optimistic about Student Government this semester. We hope that during administration, student government will become the viable organization that it was originally intended to be. Our main objective is to bring about greater student influence in school policy. In pursuit of this objective, we hope to establish a student advisory board on curriculum. This board, consisting of students from each class, would evaluate the curriculum of the five academic departments. These evaluations would be submitted to their respective departments for consideration. We hope this board will increase student influence in curriculum planning. Another objective of this administration is to establish a student-run drama workshop. This organization would be funded by Student Government, and would provide an outlet for students interested in drama.--Leslie Sullivan and Steve Sugarman

ARAGON'S PA CREW

has cheerfully brought the students and faculty of Aragon to life every morning. Under the direction of Mr. Philip Fisher, they have shown outstanding responsibility by informing us of the important school activities, club meetings, and especially the famous Aragon Don Burger commercials. With this 1977 edition of the El Tesoro the faces of the people behind the voices are finally revealed.

ARISTOCRAT

of 1976-77 has been a fine medium of communication throughout the Aragon society. The paper has set its goals to serve the students and faculty in expressing not only news but opinions, criticism, and solutions to make Aragon a better place.

Editor Keith Neakrans and the entire Aristocrat staff are dedicated and determined to express and reflect the Aragon character.

Advisor Lloyd Mast is extremely dedicated and concerned with student involvement and learning. With his support and the fine staff of 1976-77, the ARISTOCRAT has indeed reflected upon Aragon's character and learning development.

ARAGON INDEPENDENT PRESS

provides an alternative voice at Aragon. Run outside the jurisdiction (and occasionally the approval) of the administration, the PRESS is a forum of ideas from all sources.

Rather than attempting to compete with the other school newspaper, we supplement it as a sounding board concentrating on issues, not daily news. Published irregularly, the PRESS stresses content and quality over a regimen of deadlines and censorship. Accepting contributions from students and faculty alike, regardless of our own opinions, we consider the PRESS a tool to be used by all to examine and improve life at Aragon.

A TYPICAL DAY

in the life of an average Aragon student, Donald Berger, is a day we have all shared. We have all experienced the trauma of cramming for finals, missing the bus, leaving five different assignments until one day before the due date, and being forced to run around the track six times for forgetting your P.E. clothes. Yes, school is a unique experience; one we will never forget and probably cannot, no matter how hard we try!

CALIFORNIA SCHOLARSHIP FEDERATION AWARDS ARE

given to superior students. Each year the California Scholarship Federation (CSF) sponsors awards to outstanding students in the areas of English, Foreign Language, Mathematics, Science, and Social Science. Teachers in each of the departments meet and nominate the most outstanding students of each class. These students may be recognized due to exceptional efforts contributed, outstanding achievements, or unusual abilities. The teachers then recommend these students to the head of the department who makes the final decision. Aragon is proud to have these exceptional students as members of its student body.

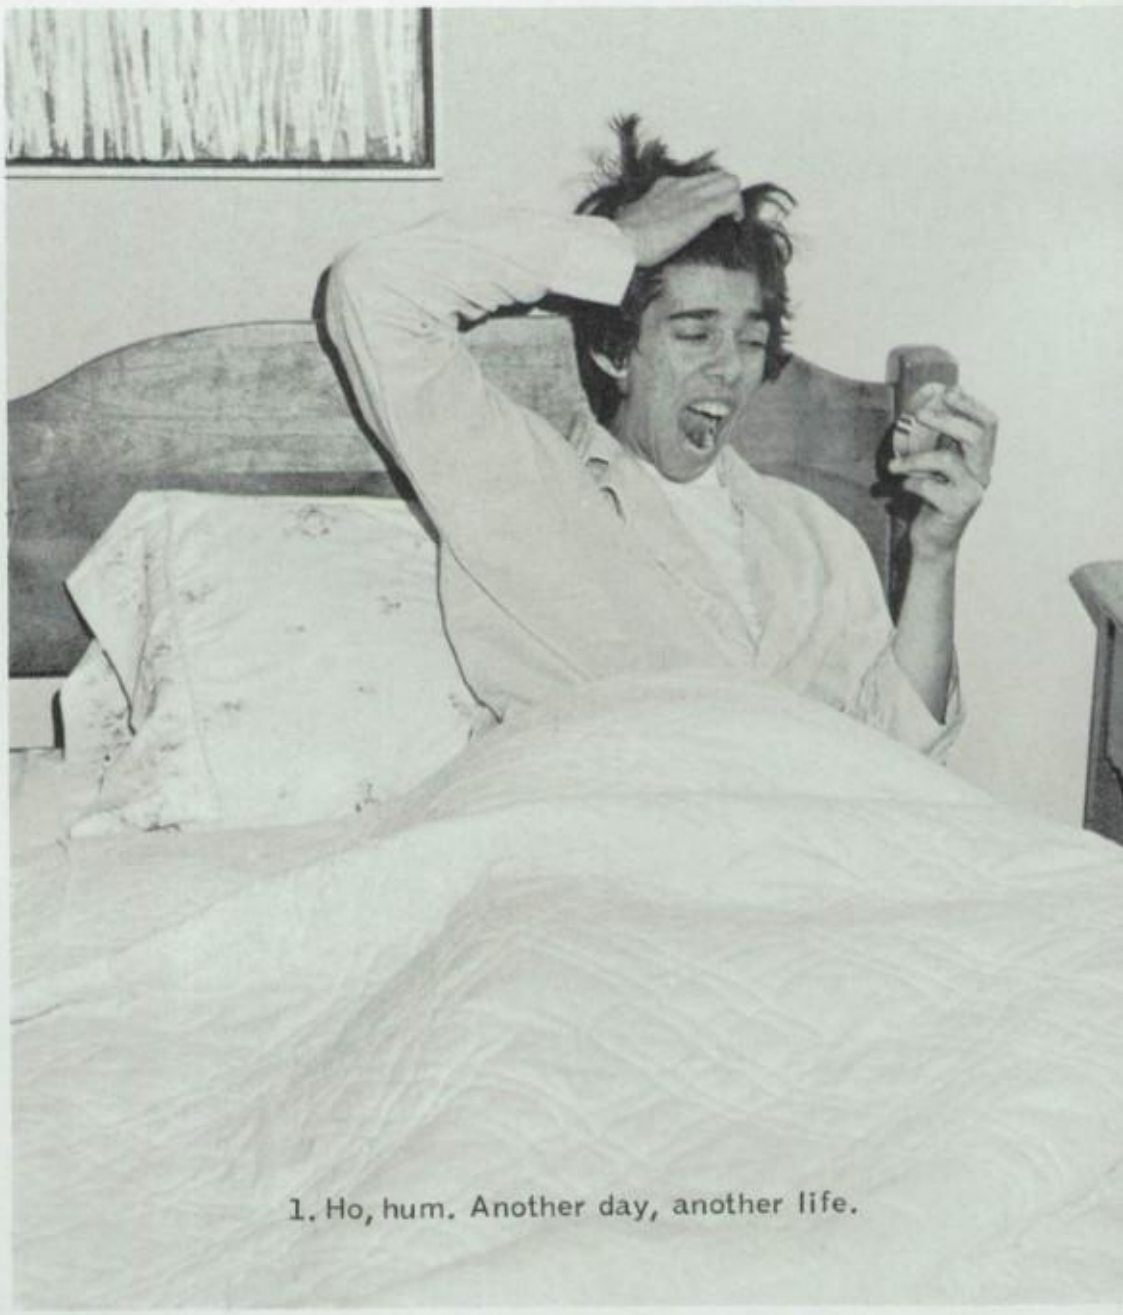
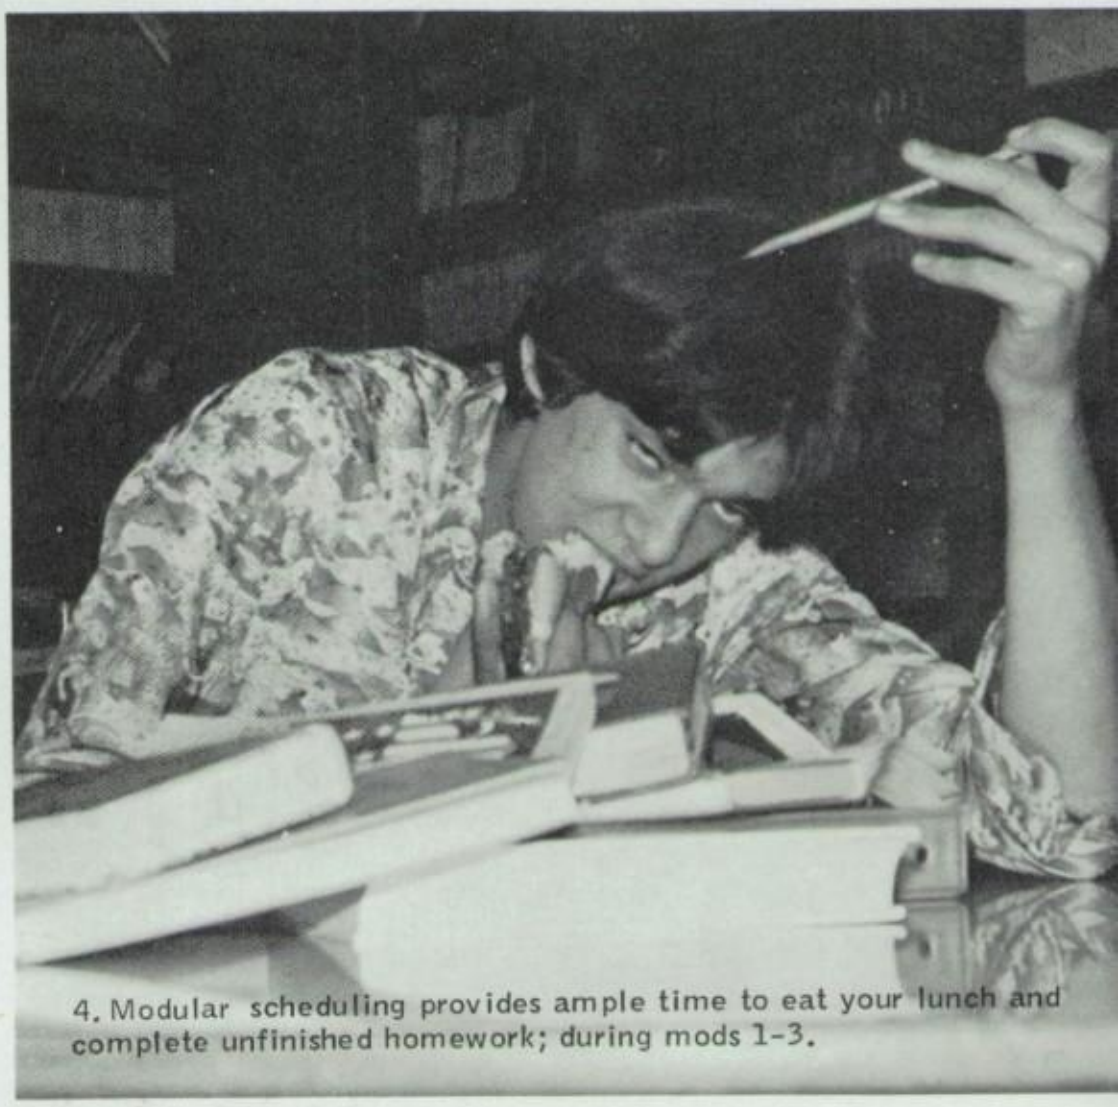
A TYPICAL DAY

in the life of an average Aragon student, Donald Berger, is a day we have all shared. We have all experienced the trauma of cramming for finals, missing the bus, leaving five different assignments until one day before the due date, and being forced to run around the track six times for forgetting your P.E. clothes. Yes, school is a unique experience; one we will never forget and probably cannot, no matter how hard we try!



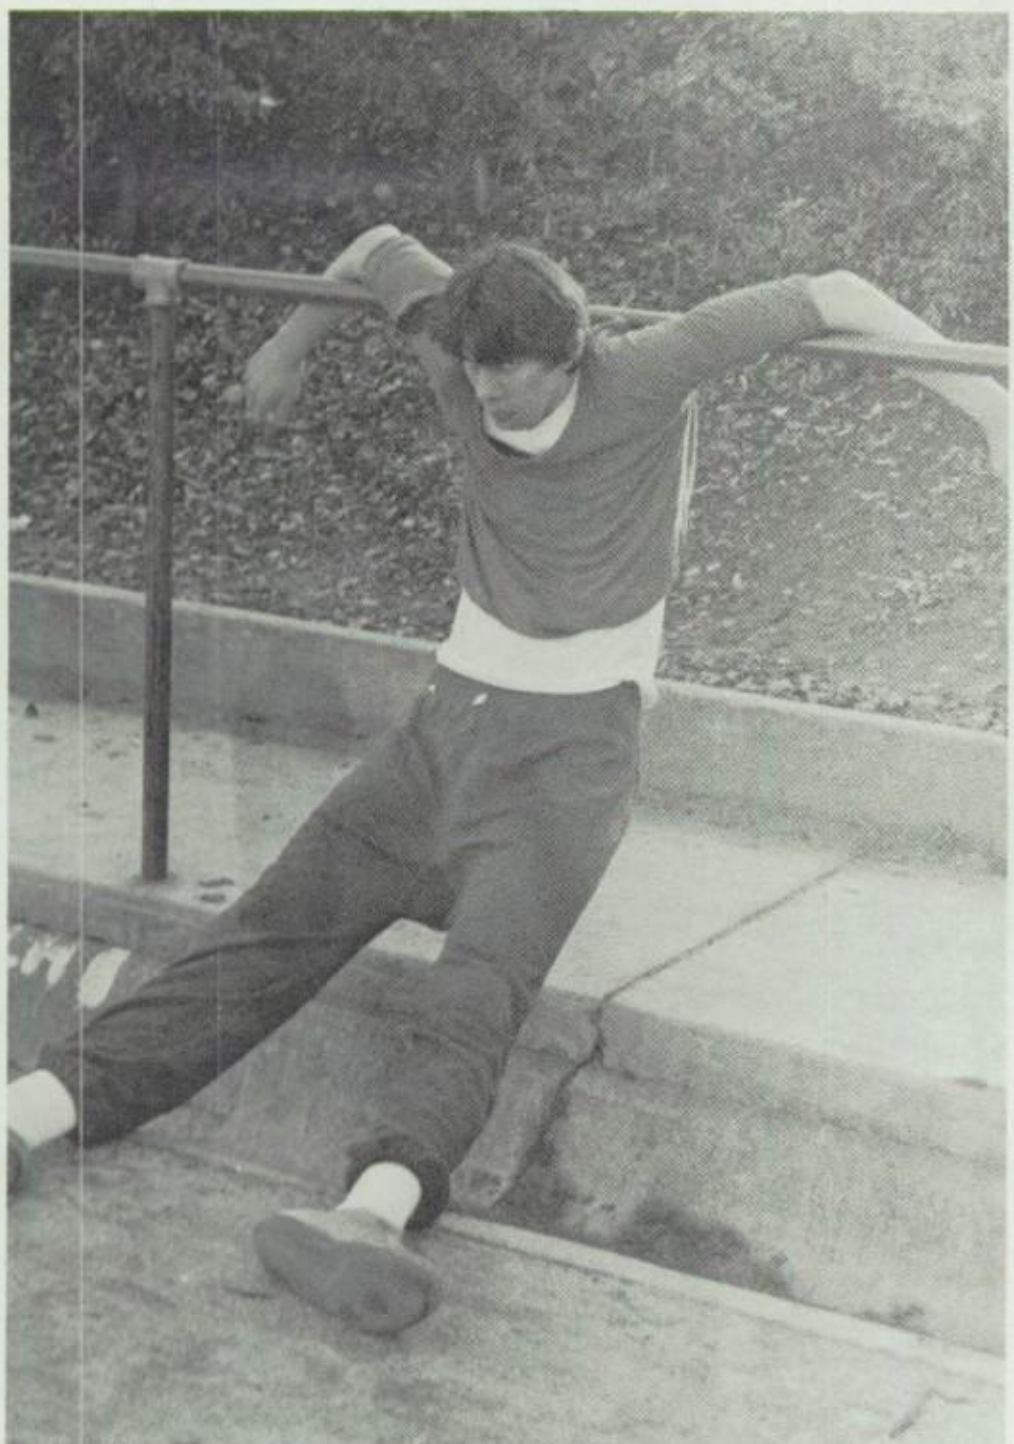
1. Ho, hum. Another day, another life.

3. "That bus leaves earlier every day!" says Donald as he pursues his vanishing transportation.

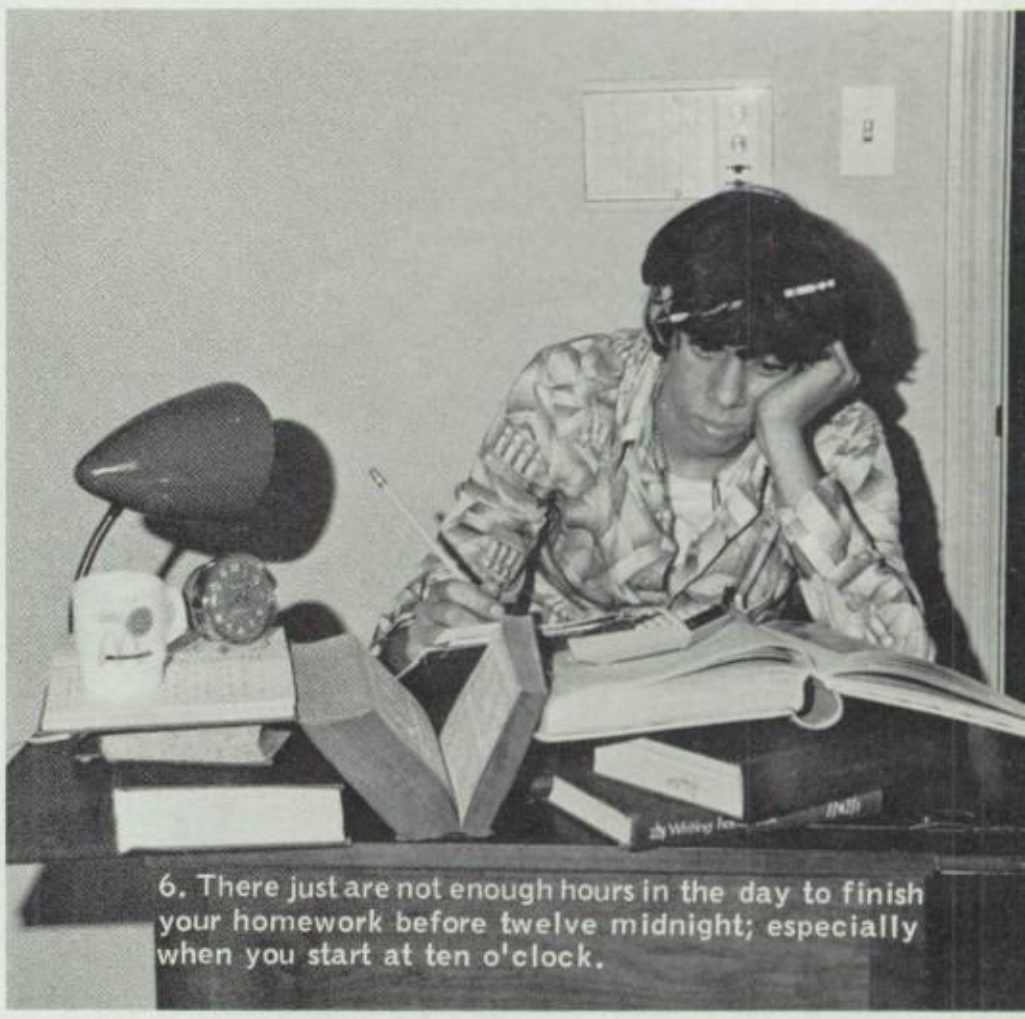


4. Modular scheduling provides ample time to eat your lunch and complete unfinished homework; during mods 1-3.

2. Don enjoys a leisurely breakfast after awakening at five minutes to eight.



5. After setting a personal record in the mile in one hour and twenty-two minutes, Donny takes a short rest.



6. There just are not enough hours in the day to finish your homework before twelve midnight; especially when you start at ten o'clock.

Special thanks to John Feet for his brilliant portrayal of Donald Berger.

INTERCEPTED

MPL CHAMPIONSHIP shattered Aragon's hopes of achieving the first MPL title in the school's history. The team was narrowly upset in the last game of the season by tough rival Hillsdale with the score 12-7. Still, the team accomplished the position of second place in the league and many of the players felt they had done better than anticipated. During the season, the Dons overturned San Mateo while scoring a school record of 42 points. The team turned in their best game of the season in narrowly beating previously undefeated Burlingame with a fine defensive effort. The Dons were sparked by senior running backs Bob Pyne and Anthony Geranios, who spearheaded the offensive attack all season. Pyne alone got more than 1000, making him one of the league's all time leading rushers. The highlight of the defensive squad was the front line, which was anchored by Martin Leahy, Tom Eckert and Tom Byers. Other out standing players included Terry Salzer, Bill Gardner, Sid Williams, Chris Fenech, Dave Asplund, Gordon Tsukamoto, Thumper Komisarek, Jeff Gradinger, Rich Simcock, Tom Williams, Warren You, and Mike Chibidakis.

SOPH FOOTBALL finished with the scores of two wins, four losses and one tie. A rash of mid-season injuries had greatly decreased Aragon's chances of a winning season. One of the bright spots of the season was the running and scoring of halfback Alex Vaca.

Alex scored twelve touchdowns and was voted the team's most valuable player. Other outstanding performers were Aris Aliferas, Marty Galvin, Gerry Moore, Mike Lattin and Beau Frogier.

SHOWING IMPRESSIVE talent, the freshman football team finished in second place with a 5-1 record, losing only to a powerful Capuchino team. The offense was led by quarterback Gary Holden, who finished the season with a better-than-fifty percent pass completion record.

Behind the front line blocking of Dan Calaghan, Mike Vangele, Paul Bertini and Ruben Bautista, the Don's potent running attack was led by backs Dave Cauchi, John Hammond and Marty Bergstedt. The defensive team had an especially outstanding season, allowing not a single point on plays from the line of scrimmage.

MEDITATION ENERGIZES G.A.A.

Tennis Team for the second year in a row. Coach Chaney feels that meditation helps to channel the energy of both the team and individual toward a better game of tennis. Although the team has not done as well this year in comparison with last year's championship team, Coach Chaney has high hopes for the M.P.L. play-offs. This year, the varsity doubles teams of Kris Carmichael-Dottie Morrow, and Susan Chakos-Diana Maneatis will compete in the no. 1 and no. 2 positions, respectively. The no. 1 and no. 2 singles spots will be filled by Joanie Maneatis and Norma Anderson. The no. 3 varsity singles player, Beth Levine, has also been invited to compete in the matches because of her outstanding win-loss record. Last year, Beth went all the way to the regional meet before being defeated.

IT WAS A FANTASTIC SEASON for the

cross-country team directed by Coach Daskarolis easily walked away with the MPL title. The varsity team, led by exceptional runners Joe Green, Jim Jurkovich and Pete Ild, went on to the CCS meet. The frosh-soph team, led by Dave Bosley, Fernando Perez, Brian Frank, John O'Brien and Tom Arnold, did very well also. The reason for their victorious season can be attributed to the team spirit and mutual consideration for all team members. There were four girls on the team this year; they all did very well and were treated as equals.

MPL TITLE AGAIN was taken by the Varsity Volleyball Team for the second consecutive year. "Wizzel's Spikers", named after their team mascot, tore through their opposition to finish with a 12-0 overall record. Their strongest rival, Crestmoor, was brushed by the Spikers: 15-2; 15-8 and 15-5; 15-10. Team spirit remained high throughout the season, which kept the team "very together" in play. Outstanding offensive players were: Cathy Roselli, Lynn Paul, and Linda Kato. Starring on defense were: Anna Ogo, Liz Stuber, and Lorraine Morton. Although these girls were Most Valuable Players, it should be mentioned that each girl played her very best for every game.

The young Wizzel's also had an outstanding season. The high point of their season was the second Hillsdale match, when Aragon hung on to win 15-19; 18-16.

Congratulations! to all you Wizzel's.

A PERFECT 13-0 record has assured the C basketball team a place in the school's record book. They became the first team in Aragon's history to go undefeated in the season. They finished by demolishing San Carlos 51-23. The Dons were led by Jess Sasano and second team all-leaguers Ken Dayton and Mario Camerotto. Jeff Goulding also lent his talent to the winning effort. The C's dominated both boards with second team all-leaguer Kevin Kearns and "Mr. Hustle", Jeff Jorgenson. Unfortunately, the D's did not fare as well. The D's lacked the playing time that was essential for the championship and lacked height, although Kyle Tsukamoto and freshman John Burick performed admirably throughout the season. With Tsukamoto and second team all-leaguers Vic Onizuka and Kent Kitagawa returning next year, the D's should be in the thick of the MPL crown race next year.

BEFORE 1976-1977 BASKETBALL SEASON STARTED, a lot of people thought the Dons would bring a basketball championship to the school. They actually did win a co-championship, only to have it taken away by a league ruling. Despite this, the Dons had a magnificent year, finishing with the best overall record in the county, 17-4 and 10-2 in league competition. The started the season with 2 impressive showing at the Cow Palace, de feating 2 of the best teams in the East Bay i, rather easy fashion. In the playoffs they trounced San Mateo 65-49 with Sid Williams getting 36 points. In what proved to be the finale, Aragon lost to Capuchino 52-50 the game decided with a minuscule 3 seconds left on the clock.

Outstanding performances were given by 2 year first team all-leaguer and repeating MVP Sid Williams, who led the league and the CCS in scoring, 27.4 ppg. Martin Leahy and Charlie Patton also had a fine season, both receiving second team all-league honors. It should be noted that at the Cow Palace Marty led all four participating teams in scoring average. Charles also had a fine scoring year, finishing in the top twenty scorers in the MPL. Others turning in great efforts were Pete Ronald, Rich Komisarek, Bob Archer, Doug Robb and Mike Fitch.

after a 10-0 pre-season, the frosh-soph slipped to a 6-0 league record. They did, however, make the play-offs, only to lose to a taller Mills team. They were led by Mike Patton and freshman Gary Williams; both of whom made second team all-league honors. Also receiving all-league recognition were Steve Doherty and Ed Jefferson. They were awarded honorable mention. Although sophomore Matt Hoy did not make an all-league team, he did have a great season. Despite three time-outs called and only ten second left in the game, he sank two free throws, icing the game for the Dons.

With a host of freshmen returning next season, including Gary Williams, the team should be heard from next MPL season.

and improved our record from an 0-3 pre-season to a 5-1 second place finish in the league. Four of the five wins were by shutout; one by a score of 20-12, before losing our final game. This was a very young team, but under the leadership of our two seniors Ann Pledger and Lizette Stuber, the younger players were able to reach their full potential. The JV team started their season just the opposite of the Varsity by winning two and tying one during their practice season. Then their record dropped to 1-5 after losing a few players to the Varsity.

"RAZZEL'S SLUGGERS" SLUG 'EM!

This year's varsity softball team, under the guidance of Coach Sue Thompson, is expected to place high in the MPL play. The team, known by its nickname "Razzel's Sluggers", was undefeated in league play last year and took the MPL softball title. Returning players from last year's squad are: Lynn Paul, Lorraine Morton, Dottie Morrow, Sherry Kiyohara, and Karen Cook.

This year's J.V. softball team, under the guidance of Coach Bonnie Macomber, are looking forward to a good season. With many talented first year players, the "Jr. Razzel's Sluggers" should place well in the MPL standings.

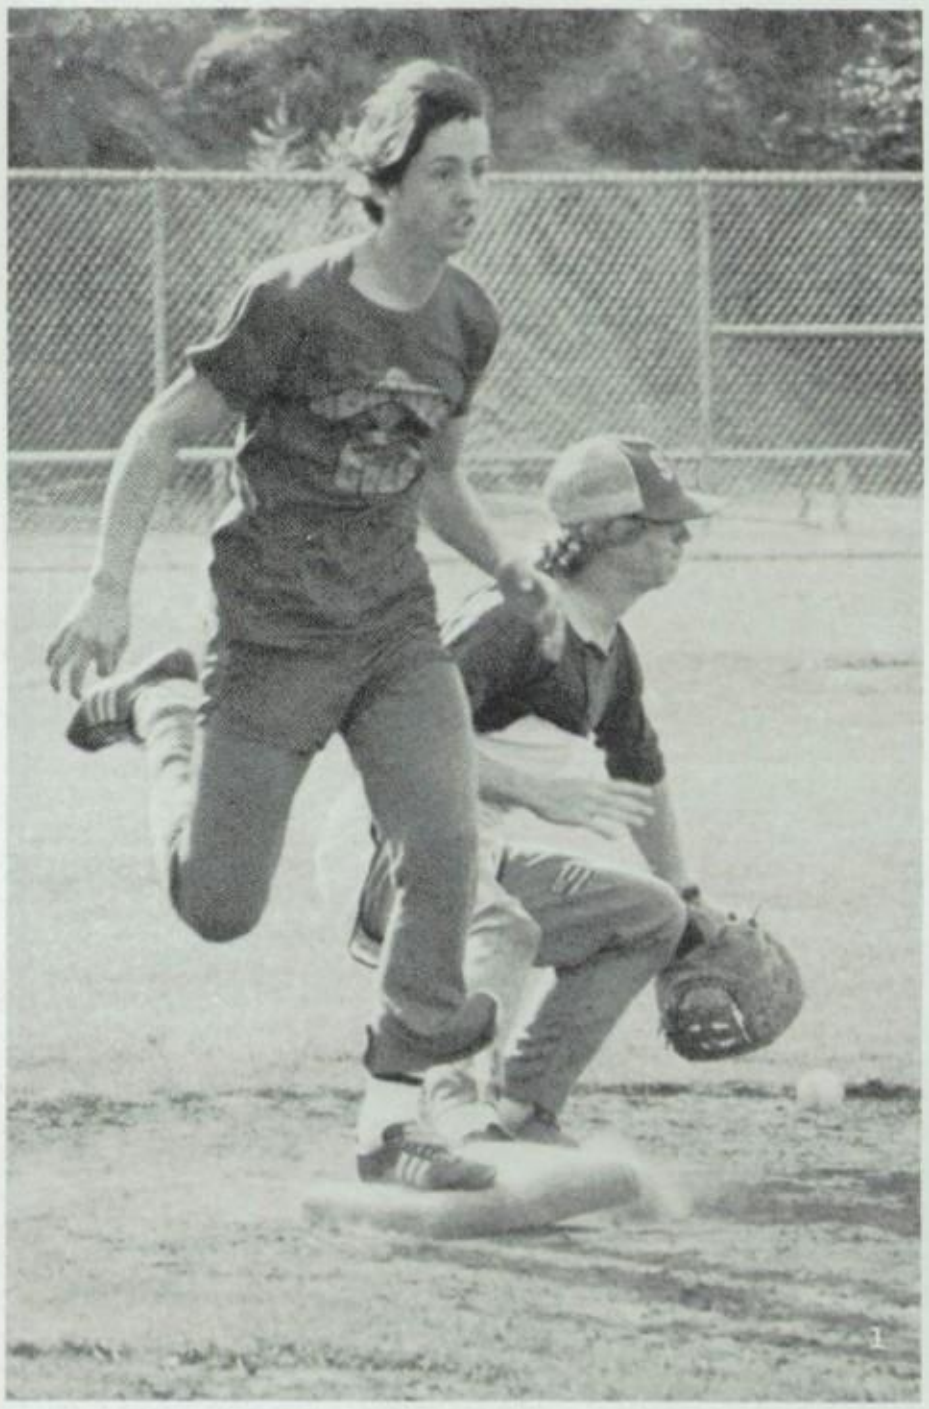
VARSITY BASEBALL IS OPTIMISTIC

about the upcoming season. Because of the large number of returning starters from last year's team, it is generally felt that this could be the team that could bring the title back to Aragon. Returners are Mike Jaffe, Gary Fitchjian, Ralph Rodriguez, Mike Sellers, J. D. Paul, Jeff Goulding, Terry Stafford, Dennis Zazueta and Rich Komisarek. The question in the past season has been whether or not the team could provide the offense to support the pitching; not so this season. The team has one of its most potent batting line-ups in a long time, with speed to match. Expected to lead the way in hitting are Ralph Rodriguez, John Paul, Donn Gunther, Terry Stafford. The speed aspect is led by Mike Jaffe and junior Dave Asplund. The only question is whether the Dons can now find the defense that has been so good in past seasons to help with the newly found offense. Coach Bolin notes that in the past, pitchers gave up few runs but got few themselves, and that this year, the opposite seems to be true.

FRONT ROW: G. Holden, D. Weggenman, K. Allender, M. LeBlanc, T. Miller, A. Fleck, S. Stafford. ROW TWO: Coach Murgo, J. Campbell (scorer), J. Gradinger, R. Cerletti, J. Kipp, K. Hipsher, D. Cauchi, J. Tuttle, J. Doerr. (Not Pictured: M. Bergstedt, F. Regello, P. Bertini, M. Vangele, V. Onizuka).

FROSH-SOPH BASEBALL

looks forward to a successful season with the hope that the pitching will become stronger. The Dons have a powerful, well-balanced hitting attack and a 5-0 exhibition record, and should be very competitive in league play. Coach Lou Murgo feels one of the main keys to the season is sophomore Jeff Gradinger, the team's pitching ace and a solid, dependable hitter. Other outstanding returnees include Adam Fleck and the hustling Vic Onizuka. The Dons also have a fine crop of freshmen, which include pitchers Gary Holden and Frank Regello; plus Dave Cauchi, Dan Weggenman and Mitch LeBlanc. The consensus is that if the team continues to work well together, they can expect a good season.



1. Mitch LeBlanc takes second as Dan Weggenman tries for the throw.

GAA GIRLS TRACK and field

team has gone co-ed in both daily practices and in their meets. This has been a very beneficial and new experience for the girls. Several of the girls competing have had past experience in Track and Cross Country. Many new and talented runners are also competing for their first time in this sport. We hope as the season progresses individual performances will improve. In turn these efforts will contribute to a successful team, and an enjoyable season.

ONCE AGAIN under the excellent direction of Principal Andrew Jezycki, the Aragon administration is proud to announce the addition of two new administrators, Mr. Stewart Dimon and Mr. Lawrence Teshara. Both men have previously worked at Crestmoor High School. They have adapted well and seem to enjoy Aragon's unique environment. These men are a fine complement to Aragon's already strong administration and they have added many new ideas to improve existing school conditions. Aragon's fine administration sets a good example of leadership, which will pave the way for students throughout their future.

MOUNTAINS OF PAPERWORK

cover the desks of Aragon's secretaries and aides as they perform various services for the school. But due to their diligence and skill, these mountains are quickly processed to make room for the paperwork continuously coming in. This expertise is the reason Aragon keeps running smoothly throughout the year.

role of a counselor is to impart educational information to students. This is the purpose of guidance. They offer information about college, vocation and program planning. FOR THE FIRST TIME,

students with physical handicaps attended Aragon High School this year. The eleven students, who are transported in primarily from southern San Mateo County, are enrolled in a county funded program run by teachers Connie Manis and John Thomas. The program offers these students services such as special assistance with physical limitations, counseling and instruction. Attending Aragon has afforded these students an opportunity to acquire a normal high school experience - to be accepted like any other student. It has also given other students and teachers an opportunity to realize the potential of the handicapped.

CAFETERIA STAFF prepares and serves breakfasts and lunches throughout the school year with the utmost quality and highest standards. Managed by Ms. Beulah Silveira and assisted by Mrs. Greta Ahlvin and Mrs. Mildred Gill, the cafeteria offers Aragon students a fine variety of food services.

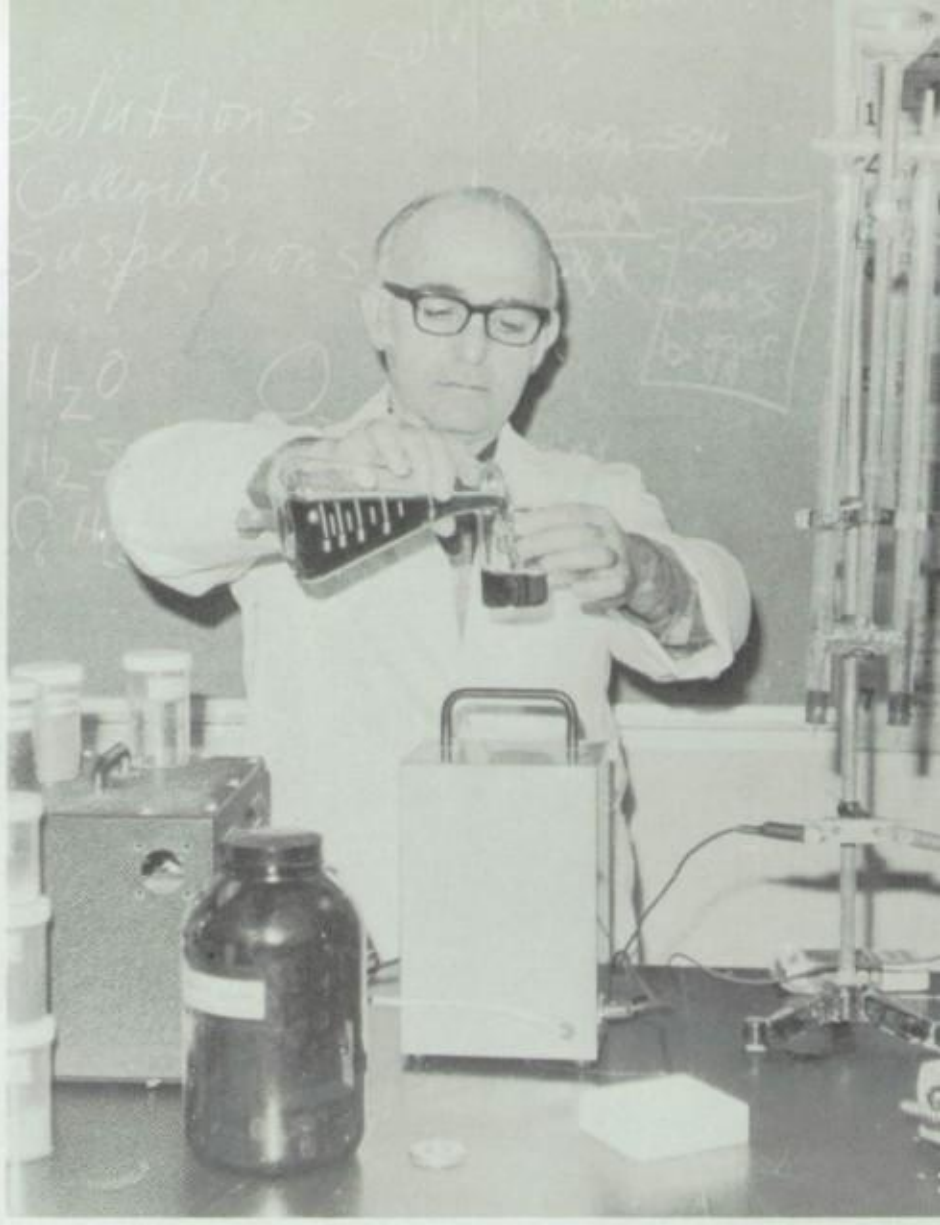
RE-EVALUATION and revision of the English department's elective program are at the heart of the department's concern. Phase 5 courses are designed for the student with superior abilities in English. Students with average to very good English skills take courses in the Phase 3-4 area, which offers titles ranging from Science Fiction to Shakespeare. Finally, students who have difficulty with English expression, take Phase 1-2 courses. In all phases, however, students are required to take one semester of composition, since skill in writing is so important in later life.

Mr. Ludwig Murgo, Mrs. Pamela Ricks and Mrs. Gloria Fouris.



SKELETONS,

test tubes, frogs, plants and NaCl are all used in the Science courses at Aragon. The courses vary from physics to electronics. If you are curious as to what NaCl is, or does, take a chemistry course; if you want to know what you do with plants and skeletons, take a biology course. All of the courses that are offered teach something new and exciting. No matter where your interests lie, there is a science course that is right for you.

2. Mad scientist, Mr. Arslan, mixes a Molatov Cocktail.

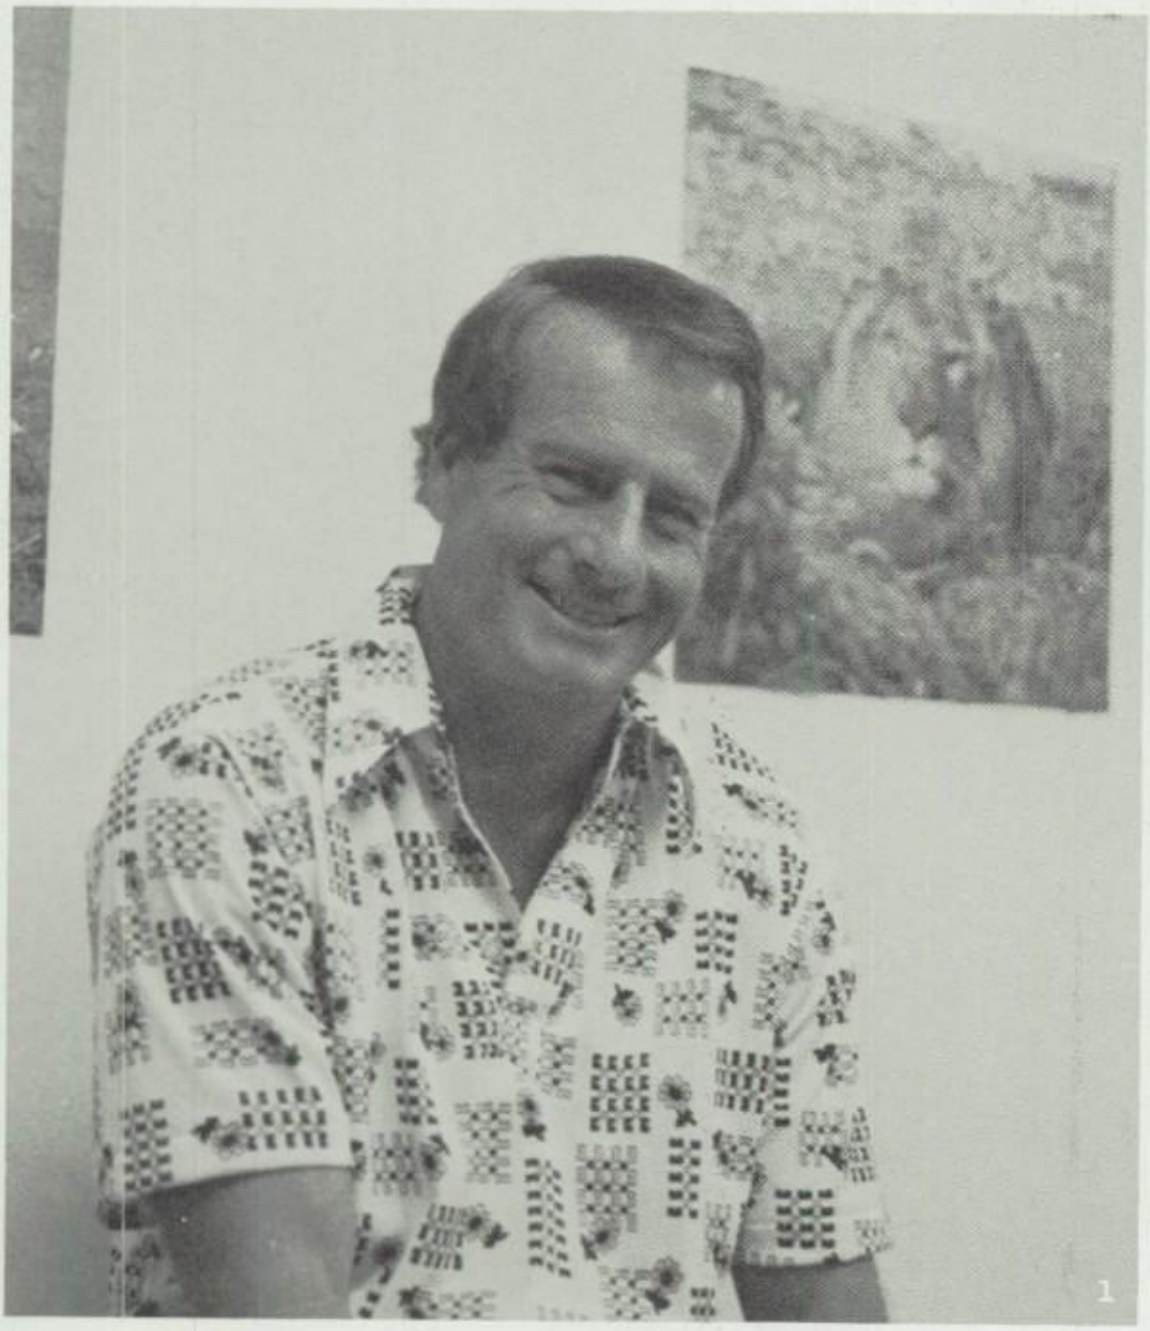
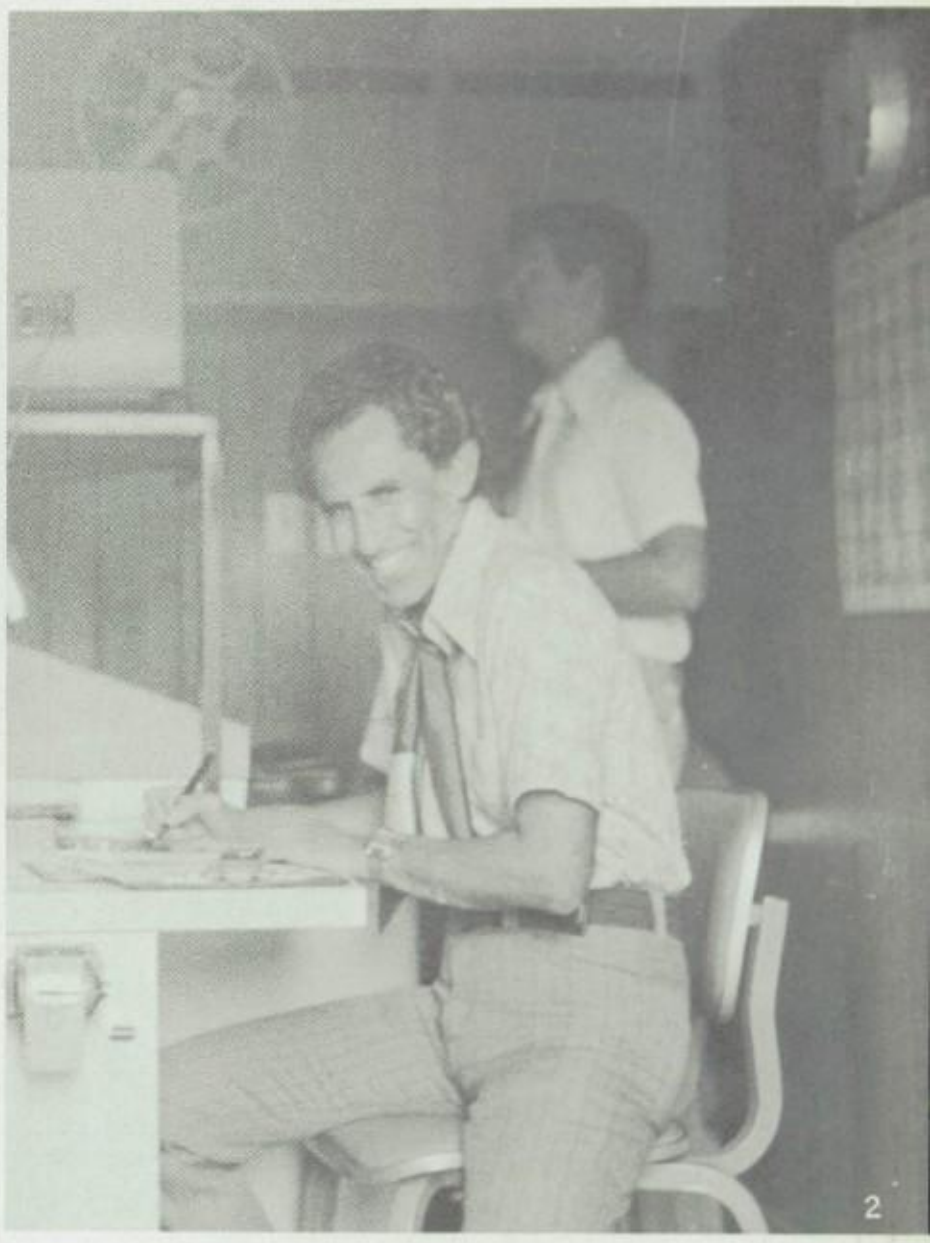
1. Mr. Gordon and that Gordon grin.
2. Mr. Beltran is enthusiastic about his work.





"THE BRITISH ARE COMING!"

was not cried by Paul Revere. Surprised? This fact is just one of many that you'll encounter during one of Aragon's many Social Studies courses. Although the Social Studies department may reside in a remote section of the Aragon campus, their course offerings and activities with the student body are well recognized. Last fall, in addition to regular classes, an "Election Studies" unit was added in most classes prior to the presidential election. During the unit, a mock election was held, giving students a chance to register and vote for president. Also, Psychology students were given the unique opportunity to work with mentally disturbed children. Finally, expanding the program further, a successful new course known as California History was added. From Freshman Social Studies to U.S. Government, this department gives a creative, effective and in-depth view of the many historical and present-day societies that make up the United States and the world.

STUDENTS FLOOD the various classes in Home Economics each year in an effort to learn how to run a home. The faculty offers clothing and creative stitchery in the sewing departments. The cooking classes include gourmet and international foods. Child Development presents students with the chance to work with children in a nursery school environment. The variety and abundance of classes provides Aragon with a well rounded Home Economics department.

1. Sandy Warren helps a boy with puzzles in the child development class. This program serves two purposes. It not only gives students a chance to learn how to handle children, but it also provides a day-care center for the community.
2. Pam Hunt sews on a dress in her clothing class.

GOGGLES AND MASKS

cover the faces of almost all the industrial arts students as they work with the various tools and machinery. Art metals and metal/woods include such skills as welding and foundry. ENCOURAGING STUDENTS to engage in a wide range of activities is the purpose of the P.E. program of the SMUHSD. These students gain skills, knowledge, and attitudes related to the body and its movements. Participation in Physical Education offers the opportunity to improve control of the body. The P.E. department at Aragon tries to achieve these goals within the guidelines set by Title 9, a portion of the Education Code which forbids discrimination on the basis of sex in all educational programs. One of the results of this new amendment is co-ed P.E. classes.

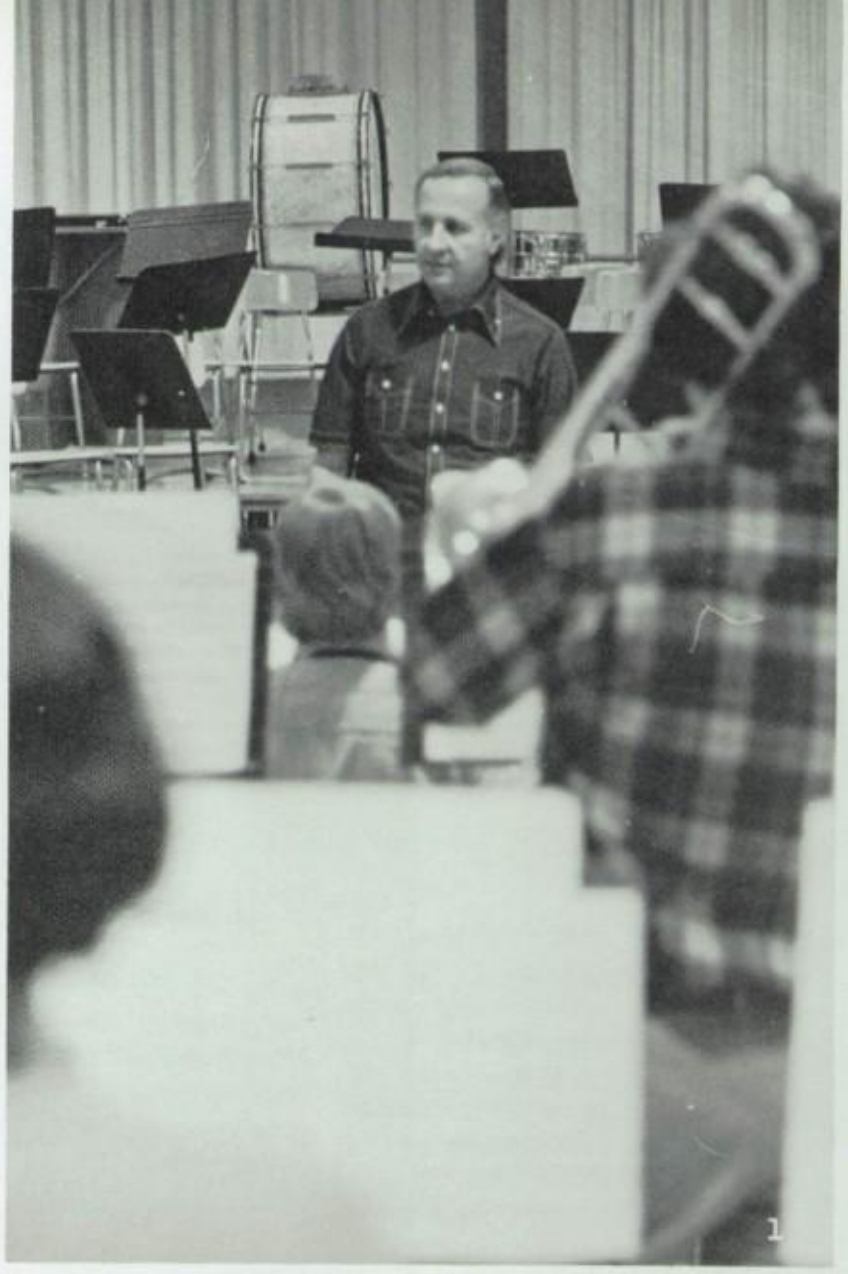
CALIFORNIA AND OREGON BECOME UNITED during Aragon's Symphonic Band trip, a four day adventure. Students, accompanied by their director, Mr. Elmer Revelli, traveled to Eugene and entertained the Oregonians. The Symphonic Band performed at Oregon University and took part in a joint concert with their hosts, the music students of Sheldon High of Eugene, Oregon. Another joint concert was given in mid-May. The roles of the two schools, however, changed for this event, as Sheldon High was the visitor and Aragon the host.

The Acappella Choir also received guests in May as they hosted the Choral Music Festival for San Francisco and San Mateo counties. At the same time, the Madrigals and String Orchestra participated in various festivals around the county. Five orchestra students were selected to perform in the All Northern California Honor Orchestra and simultaniously give a concert for the Sacramento Music Teachers' Convention. Students of both the Orchestra and Choir auditioned for the California Music Educators' Association Conference and were accepted as members of the All-State Choir and Orchestra.

The music students have given Aragon many happy experiences, and their efforts have helped unite the school student body.



1. Mr. Revelli listens to intricate jazz passages.
2. With a wave of his hand, Mr. Denton cues in musicians.
3. Singing and playing the guitar, student teacher, Mr. Ken Ayoob leads the guitar class.

OLD ACQUAINTANCES

are renewed with the return of a familiar face. Mr. Walter Ray, a former student advisor at Aragon, became a member of the Art Department this year. He helps students experiment with a variety of different media as they explore their skills in his Crafts class. Hidden talents may also be discovered by students as they master the potter's wheel in Ceramics or create fine pieces of jewelery in Mr. Hank Rianda's classes. Under the instruction of Mr. Donald Crawford, drawing and painting students sharpen their skills while Mr. Harry Morrow opens up the world of graphic design. With the addition of Mr. Ray to the staff, Aragon possesses a strong Art Department which offers students an opportunity for self expression, creativity, and discovery.

1. Students benefit from Mr. Rianda's class lectures.
2. Mr. Ray points out the superior qualities in students work.
3. Displaying an excellent drawing, Mr. Crawford explains the finishing steps of the project.

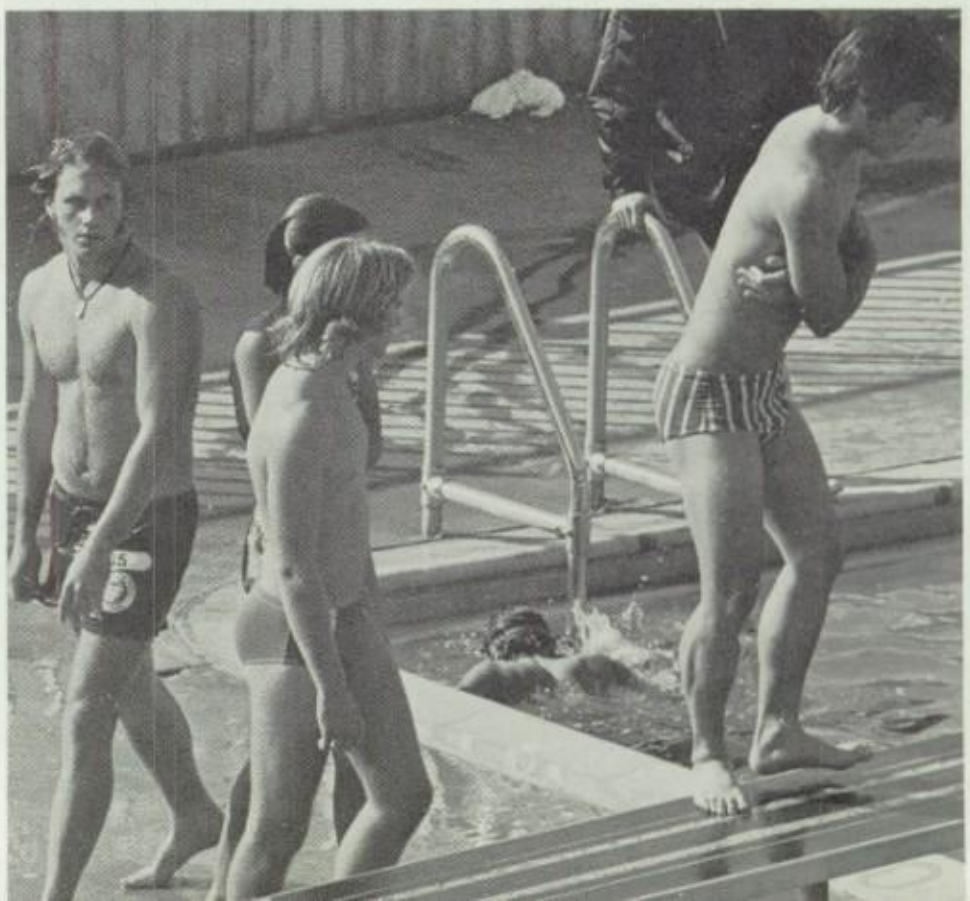
SOME FINAL GLIMPSES . . .



Though but a brief glimpse, the beauty of the rainbow lingers gently in our memories. The combined subtle tones of individual raindrops have made this rainbow as the people of Aragon have converged to form such a memorable year. We have tried to capture the essence of this year and of the people who have been a part of it. . .

. . .To express our sincere appreciation for those who have gone through frantic deadlines and sleepless nights, endured the intimidation of interviews, felt the frustration of unexpected events, sustained lasting friendships, kept the optimistic spirit always, gave us moral support, and above all, managed to retain some shred of humor amidst all this INSANITY, we would like to personally acknowledge them:

Thank you for being your friend. Yvonne Kuelman

'm really sorry. Remember the blast we had doing our slide-tape?! Prime-time, huh? (HA!) Well I'm running out of space. Hi Lisa— well, well, well. This been another week. It was great seeing you at the E.A. reception. If you move to L.A. keep in touch, don't believe the RATS.

Dearest Lisa,
English was a true experience. Mr. Fisher's classes are great teachers' pet. Maybe I'll see you at the Bo Bo's summer because we live so close. Love Anna Bell

Well, Thanx for being a great friend & hope we're friends for a lot more years. This is getting to sound dumb, so I better sign out now. See you in the summer.

It was really fun meeting you and knowing you. You're really nice and smart, I really liked making the wonton soup. Maybe in the summer we can make some more soup. It was really fun having you to talk to in S.S. With Mr. Dunstan it sure is boring. I wish we still had Mr. Di. I hope we're in the same classes next year. I hope I see you in the summer. Lisa,

I'm glad we and everyone else got to know everyone real close. I hope ya and John are not ~~enemy~~ enemies any more. Sorry I'm writing so sloppy but that's the way it is. ~~I hope~~ ~~and~~ I know ya weren't cheating and hope ya got all of your points back. So bad we didn't have any classes together. That's because they separate the dumb from the smart I guess. I hope next year we will have some classes together that will be a crack-up. I think you're really cute. Ya are invited to my wedding on June 18, 1977. I'm marrying Richard Hatch. He's really cute. I'll give ya invitations tomorrow, no I can't on Friday, I'll give you it on Friday and don't take this seriously,

Love always,

Lisa is getting turned on by middle aged tap dancers.

I wrote so much in this year book
because I'm in a hyper mood
and my throat is so sore from
yelling. I got to re channel
my hyperness through writing while

Mike told you, but I'm a dick.
I really hope we can get together.
